EXPLOSIONS RIP MARYLAND TOWN

Talks at Geneva Stall On Dividing Viet Nam

French Seek Truce Line at 18th Parallel

Mendes-France and Molotov in Deadlock After 4-Hour Session

GENEVA (AP)—French Premier Pierre Mendes-France raced the clock today in a quest to win an Indochina cease-fire based on division of Viet Nam at the 18th parallel. But his efforts were set back by a four-hour session with Russia's stubborn V. M. Molotov.

French sources said last night's meeting with the Soviet Foreign Minister resulted in a complete deadlock. Both statesmen stuck to their positions and no progress was achieved, the informants said.

The partitioning of disputed Viet Nam was said to have been the main topic of the parley which broke up early this morning.

Proposes Cease-Fire Line

Mendes-France was reported to have pressed for a cease-fire line running from Dong Hoi on the Vietnamese coast, westward to Thakhek, on the Laotian border.

Western diplomats said the Communists seemed willing to do business, but that they were dickering for a bigger chunk of Viet Nam—most important of the three associated Indochinese states.

The Reds appeared to be seeking a compromise between the 18th Parallel across Viet Nam's narrow waist and their original demand for partition at the 14th Parallel.

The French want to hold the line at least to the 17th Parallel. To set it below that point would mean handing over to the Communist-led Vietminh the important air and naval base at Tourane and the old Annamese capital of Hue. Loss of the latter particularly would be a severe blow to the prestige of ex-Emperor Bao Dai, chief of state for the government the French have set up in Viet Nam.

May Cede Hanoi

Mendes-France has hinted he might be persuaded to turn over Viet Nam's northern war capital Hanoi, to Ho Chi Minh's forces. But the Premier was reported holding out stubbornly to retain at least temporary control of Haiphong, the major port of the rich Red River delta through which the French may have to evacuate their forces.

In return for retaining Haiphong, 65 miles east of Hanoi and well above the 18th Parallel, the French have offered to let the Vietminh keep control of some of their pockets in the South.

The French believe the Communists will agree eventually to a neutralization of the other two Indochinese states, Laos and Cambodia, based on withdrawal of Vietminh forces and incorporation of local Communist resistance movements into "national communities."

Mendes-France, who has promised to resign if he fails to get a cease-fire by July 20, is feverishly

French Launch Offensive From Besieged Hanoi

10,000 Union Men Hit 2 Vietminh Positions; Heavy Losses Reported

HANOI, Indochina (AP)—Ten thousand French Union troops, backed by tanks and warplanes, smashed today at Vietminh forces entrenched in two positions west and northeast of Hanoi. A French briefing officer said losses were appreciable on both sides.

The assaults began yesterday when 5,000 French Union troops in mobile infantry units barreled out of Luc Nam to hit Communist-led rebels dug in on a river bank six miles west of the town. This area is 35 miles northeast of Hanoi.

Twenty-five miles west of Hanoi, mobile infantry rolled southward out of Son Tay behind a spearhead of tanks in a four-pronged attack against Vietminh attempting to pick off French posts in that area.

The officer said both assaults pushed the rebels from their positions although fighting still raged today.

The two attacks, the biggest French drives in weeks, were designed to relieve increasing Vietminh pressure in those two areas.

Morrow County Shooting Ruled Manslaughter

Dave Keen Convicted By Jury of Twelve In Killing of Stepson

MOUNT GILEAD — After three hours and 45 minutes of deliberation, the 12 jurors hearing the second degree murder trial of Dave Keen, 73, of Johnsville, Thursday returned a verdict of first degree manslaughter.

Keen, who was accused of fatally shooting his 30-year-old stepson, Stuart E. Price of Port Clinton, will be sentenced July 31 at 10 a.m. by Common Pleas Judge Leland Rutherford. The time lapse will allow for a medical examination of the defendant. First degree manslaughter carries a 1-20 year prison term in Ohio.

The 73-year-old Morrow County man remained calm throughout the three-day trial and at the time the jury returned its verdict Thursday about 5:45 p.m.

During the trial, Keen had admitted that he shot his stepson, but claimed that Price was after his life savings, $2,600, which he carried on his person. Defense attorney was Frank Wiedemann of Marion.

Price was killed in front of Keen's apartment in Johnsville with a .32 caliber revolver on May 28.

The Keens were married in 1952. It was Keen's second marriage.

Red Hearings By McCarthy At Boston Off

Defense Plant Probe Slated for Saturday Delayed at GOP Call

WASHINGTON (AP)—Sen. McCarthy (R-Wis) today cancelled at the request of Senate Republican leaders his plans to open hearings in Boston Saturday on alleged Communist infiltration of defense plants.

Sen. Knowland (Calif) disclosed this in the Senate when Sen. Flanders (R-Vt) began a speech protesting McCarthy's plans.

Agrees To Cooperate

Knowland interrupted and announced that McCarthy "has agreed to cooperate." He told Flanders "it will not be necessary to object."

Minutes later, Francis P. Carr, the McCarthy subcommittee's staff director, announced cancellation of the scheduled Boston hearing.

Carr said McCarthy had agreed, at Knowland's request, not to have any out of town sessions. He said McCarthy would have hearings here Monday and Tuesday to question some of the witnesses he had planned to interrogate in Boston, and that "ultimately we will have some hearings in Boston."

Knowland said in the Senate that he had called McCarthy, told him that the Senate plans to be in session all day Saturday and that McCarthy "agreed to cooperate and said he would hold no meeting outside of Washington Saturday."

Doubts Jurisdiction

Flanders said he was protesting McCarthy's plans because "I doubt if the committee has jurisdiction." He said it was a matter involving private industry instead of government operations.

A second reason for objecting, Flanders said, is that "the senator has a date with me on the floor of the Senate July 20" when Flanders plans to seek a test on his efforts to have McCarthy fired from committee chairmanships or censured.

On that same date, which is next Tuesday, McCarthy may face a new effort by some members of his investigations subcommittee to force a shake up of the subcommittee staff.

Standing Pat

Sen. Potter (R-Mich), who is pressing for a shake up, said "I'll stand pat" despite McCarthy's blocking of his first efforts.

In a closed-door meeting yesterday at which heated words were said to have been exchanged McCarthy:

1. Announced he would launch public hearings in Boston Saturday to explore his charges of Communist infiltration of defense plants, without waiting for any showdown on the staff.

2. Threw out the proxy vote of the absent Sen. McClellan (D-Ark). Sen. Symington (D-Mo) had tried to cast it in favor of Potter's motion to fire on July 31 any staff aide not confirmed in his job by a majority subcommittee vote before that date.

3. Recessed the meeting until Tuesday afternoon after Sen. Dirksen (R-Ill) had proposed a less drastic motion for judging who, if anyone, should be fired.

Tuesday also is the day when Sen. Flanders (R-Vt) has announced he will move to force a

This Should Cool Things Off

IF THE POWER of suggestion helps, the sight of winter sleds may bring some relief from the heat for Marionites. But not for B. J. Snow. Snow, proprietor of the Racket Store, is shown mopping his brow while carrying in a shipment of sleds which arived this morning. Marionites got some real relief from the heat last night when the temperature dropped to a low of 50. That's almost 50 degrees below the season's high reading of 98 degrees set Wednesday. The mass of cool air which moved in with a storm Wednesday night is expected to keep things cool over the weekend.

Blasts, Blaze Level Plant in Chestertown

2 Known Dead, 20 in Hospital; Munitions, Fireworks Explode

CHESTERTOWN, Md. (AP)—Rescue workers fought their way into the blazing ruins of a fireworks and explosive plant about 1:25 p.m. EDT today and brought out the first two bodies.

The dead were a man and a woman, not identified.

A 90-minute series of explosions had rocked the Kent Manufacturing Co. plant earlier today. It was known that 275 persons were at work, but flames and continuing explosions prevented rescue operations for hours after the first blast.

Tom Small, a worker who said he was in the first building that blew up, earlier reported seeing a man on the ground near the building who appeared to be dead.

Area Cleared

Firemen and police cleared all houses in the area in fear the explosions and fire would reach large stores of lead azide and other high explosives.

Sheriff Bartus Vickers moved to clear the whole town, but the explosions seemed to diminish after noon.

Hundreds, including mothers wheeling baby carriages, streamed across the Chester River bridge into the neighboring county.

Among the 20 injured brought to Kent-Queen Annes Hospital were six listed as seriously.

The explosions grew in intensity as they spread through the plant, made up of 30 or 40 small buildings and two larger assembly houses on a 20-acre site.

A few minutes after the first explosion, the chief operator at the telephone exchange reported:

"People are leaving this town like it had been bombed. People are crying in the streets. It's just terrible."

Chestertown, population 3,140, is directly east from Baltimore across Chesapeake Bay.

There was one big explosion 50 minutes after the first blast.

Wallace H. Ford, county tax assessor, said he was the only one left in the courthouse by that time and the bridge across the river into the adjoining county was jammed with cars fleeing town.

Rescue workers concentrated their first efforts at clearing houses near the plant.

"There can't help but be some fatalities," said Bill Usilton, Ches-

CHICAGO (AP)—A series of explosions in a fireworks plant today shook the western suburb of Schiller Park.

The desk sergeant at Schiller Park police headquarters said he had received a report that at least one person was killed. Several others were reported injured. The explosion occurred in a factory on Lawrence Ave., east of Marmheim Rd.

Divorcee Held

Fresh Data Found In Sheppard Case

CLEVELAND (AP)—Police held a 23-year-old divorcee as a material witness today after she gave what was described as new information in the July 4 slaying of Mrs. Marilyn Sheppard.

The woman, Mrs. Jessie M. Dell of nearby Painesville, was placed in the hospital ward of the county jail when she appeared nervous and afraid after talking with police.

Sgt. Jay Hubach of the suburban Bay Village police department said she "has told us something that has not been published and we consider it interesting and important enough to hold her as a material witness until we can check it."

He did not elaborate.

Earlier, however, she talked with reporters and said she met a woman believed to be Mrs. Sheppard on a beach at Fairport Harbor, Ohio, on June 14. She said the woman appeared to be nervous and upset and confided several intimate secrets to her.

Mrs. Dill was expected to be released shortly. Police indicated her custody was mainly of a protective nature since she appeared frightened after talking with officers.

Mrs. Sheppard, 31-year-old wife of Dr. Samuel H. Sheppard, was found hacked to death at the Sheppard home in Bay Village. Few clues have been uncovered so far.

Marion County Man Bound to Morrow Jury

Lunas Johnson, 54, of near Marion, is being held at the Morrow County jail in lieu of $2,000 bond and is awaiting the July 23 session of the grand jury on a charge of maliciously shooting Everett Richendollar, 52, of near Cardington.

Johnson was picked up Thursday by the Morrow County sheriff's department and appeared before Mount Gilead Mayor Emery Murphy yesterday afternoon. He pleaded not guilty to charges of maliciously shooting Richendollar and was bound over to the grand jury.

The Marion County man suffered a gun wound in the leg and a lacerated jaw in a scuffle with Richendollar at the B. M. Sellars farm on Route 529 near Cardington. Richendollar was released from Morrow County Hospital at Mount Gilead Monday where he was admitted for treatment of three bullet wounds sustained in the fracas which started on Route 529 when Johnson allegedly shot at Richendollar as their cars traveled side by side down the highway, Morrow Sheriff George Mosier said. Johnson, Mosier said, pursued Richendollar to the Sellars farm where the fracas took place.

Johnson had reportedly accused Richendollar of taking his wife, Morrow County officials reported.

TVA Proposals Top Issues in Senate Session

Sen. Knowland Denies Compromise on Ike's Requests Under Study

WASHINGTON (AP) — Senate Republican Leader Knowland of California said today he knows of no administration plan to offer a compromise in the Senate fight over a proposed new private power plant in the Tennessee Valley.

The power issue was paramount as the Senate again was recalled two hours early to continue debate on a bill to revise the Atomic Energy Act. The measure would allow private industry into the peacetime atomic field and would permit limited exchange of nuclear information with Allied nations.

President Eisenhower has directed the Atomic Energy Commission to contract with a Southern utility group for a new 107-million-dollar steam plant to serve the Memphis, Tenn., area over Tennessee Valley Authority lines. The replaced TVA power would be shunted to the AEC plant at Paducah, Ky.

A number of Democratic senators are backing an amendment to the atomic bill, proposed by Sen. Anderson (D-NM), to limit the AEC's contract authority to power supplied directly to atomic installations.

In the background is the long-

Death Toll Hits 190 as Result Of Heat, Storms

By The Associated Press

The death toll from heat and storms rose to 190 today as cool northerly winds routed the season's severest heat wave in most parts of the country.

The cooler air extended from Kansas and Oklahoma eastward over Missouri, Illinois, Indiana, Kentucky and Ohio to the North Atlantic coastal states. Daytime temperatures in that area yesterday were 10 to 25 degrees cooler than on the preceding day.

Temperatures in the 90s and 100s still covered most of the southern half of the nation, with Little Rock, Ark., recording 107, Fort Worth, Tex., and Springfield, Mo., reported 102.

But the temperature reached a high yesterday of only 92 in St. Louis compared with 113 the preceding day. More than a week of scorching heat was blamed for 46 deaths in St. Louis.

Missouri was hardest hit by the heat wave, counting 60 deaths. Oklahoma had 44; Kansas, 34; Illinois, 11; Kentucky, 3; Pennsylvania, 5; Colorado, 4; West Virginia, 4; Ohio, 3; Arkansas, 3; New Hampshire, 2; Nebraska, 2; Massachusetts, 2; New York, Iowa, Indiana, Louisiana, Connecticut, Virginia, Tennessee and Maryland, 1 each.

Smith Off to Geneva

Resolving of Big Three's Differences Unites West

WASHINGTON (AP) — Under Secretary of State Walter Bedell Smith leaves for Geneva today to throw American prestige into the crucial drive to negotiate with the Communists acceptable terms for ending the war in Indochina.

Administration leaders were convinced that misunderstandings threatening Big Three unity had been eliminated among the United States, Britain and France.

Gets French Assurances

The decision for Smith to return to Geneva was taken primarily because Secretary of State Dulles obtained in Paris two days ago assurances from Premier Pierre Mendes-France that the French government will not make a peace of surrender. Dulles returned with that word yesterday.

Here in Washington, meanwhile, Dulles is pressing plans for a collective defense of Southeast Asia which may serve (A) to secure non-Communist parts of Indochina from further Red aggression in event of a settlement or (B) to pave the way for possible quick intervention if the war continues.

Ike's Approval Reported

Highly authoritative sources said Dulles told President Eisenhower and the National Security Council yesterday that Mendes-France assured him France's final terms for an Indochina settlement would be terms which the United States could live with.

Dulles meets with the Senate Foreign Relations committee after Smith's scheduled takeoff.

Informants said the President and National Security Council had

Have 7,500 Combat Planes

Far East Red Air Force Outnumbers U.S. by 3-1

By ROBERT EUNSON

TOKYO (AP) — The Communists have an armada of 7,500 warplanes in the Far East, outnumbering U.S. combat planes 3 to 1, America's top air commander in the Pacific said today.

Yet if war were to break out "our first objective would be to gain control of the air," Gen. Earle E. Partridge, Far East Air Force commander, said in an interview.

Partridge's estimate that Russia, China and North Korea have 7,500 combat-ready planes is 1,000 planes higher than the top previous figure.

U. S. Figure Lower

U.S. air strength totals about 2,400 bombers, fighters, reconnaissance and transport planes, the general said.

"By refueling in the air our bombers are capable of striking at any Communist target in the Far East today," he said.

Asked if that meant with atomic bombs, he replied

"We would be delinquent in our duties if we were not prepared to use atomic weapons."

He said North Korea has "embarked on a program to increase its combat strength and over-all capabilities," clearly showing the "vital importance" Russia and her satellites place on air power.

Japan Prime Target

"A high priority has been given to the rehabilitation of the fields in North Korea with the result that at least 13 airfields now are capable of supporting jet operations," he said.

He pointed out that bases in North Korea are within easy flying

71 Boys Race Tomorrow In Local Soap Box Derby

Approximately 71 boys from Marion and the area will leave the ramp at the S. Main St. hill tomorrow afternoon in quest of the Marion Soap Box Derby championship.

Col. John Phelan, co-chairman of the derby, which is sponsored by the Lions Club, announced festivities will get under way at 1 p.m. with the derby parade from the south end of the 1,000 foot course to the starting ramp. The raceway runs from the starting ramp at the Ohio Edison Co. building to Columbia St.

—:—

THE MAYOR'S RACE, in which Marion Mayor Harold F. Robinson and officials from area cities will compete, is scheduled next and derby heats are expected to start at 1:30 p.m. Derby officials hope to conclude the race here by shortly after 4 p.m.

A total of 43 racers will be competing in the Class A division for boys 12 through 15, and 28 will be in the Class B division for boys 11 through 12.

The A and B winner, each of whom will receive a bicycle as a prize, will race in the finals for the derby championship, Keating trophy, and trip to Akron for the national event in August.

—:—

EVERY BOY RACING in the derby will receive a prize, according to Col. Phelan, and prizes will go to each heat winner, and for the best constructed car, best appearing car and best upholstered car. Winner of the Mayor's race is to receive a chrome plated oil can.

Gifts for FHA Men Common, Builder States

Virginia Contractor Tells Senate Prober Of Visits by Official

WASHINGTON (AP)—A Richmond (Va.) builder who said he is a friend of Clyde L. Powell, ousted Federal Housing Administration (FHA) official, told probing senators today, it was a common practice for builders to give gifts to FHA employes.

Bertram Bonner of Richmond, New York and Florida, said he would not call Powell an "intimate" friend but acknowledged under a barrage of questions that Powell had "dropped by and paid his respects. . .maybe once or twice," including once in Florida.

Powell, former FHA official in charge of rental housing programs at the time Bonner built seven government - backed apartment projects, has twice refused to testify before the Senate Banking Committee in its wide - ranging probe of government housing programs. He stood on his constitutional rights not to be a witness against himself.

The committee also planned to dig into financial details of a big Long Island apartment project which housing officials say put profits of nearly half a million dollars into British pockets.

Also on its agenda was an appearance by William S. Banks, sponsor of an Arlington (Va.) project and several others.

Marion Man Suffers Injury In Auto Mishap

One person was slightly injured in one of three minor traffic collisions reported in Marion County today by the state highway patrol and sheriff's deputies. City police reported no accidents during the last 24 hours.

Hurt in a one-car accident on County Road 94 1.4 miles north of Route 30-S was Hassel Howard, 23, of 306 Waterloo St.

He was a passenger in a car driven by Arbie Sublett Jr., 22, 417 Park St. He suffered a bruised right knee when the car turned over in a ditch. The state patrol reported that Sublett was driving the car south and failed to negotiate a sharp turn, skidded onto the left berm, then skidded sideways into a ditch where the car turned upside down onto a farm fence. Some 40 feet of farm fence and posts on the property of C. W. Frederick were torn down.

Sublett was cited to appear in Municipal Court at a later date on a charge of driving left of the center line. Sheriff's deputies assisted in the investigation of the accident.

Auto Runs Into Tree

Extensive damage resulted from one of two accidents reported to the Marion County sheriff's office Thursday.

Donald R. Stose, 31, of near Prospect, told the sheriff's office that the right front fender of his automobile was extensively damaged when it struck a fallen tree on County Road 124 near Route 47 Wednesday night during the storm. He said he failed to see the tree in sufficient time to be able to stop.

Frank Clay, who resides on County Road 45 about six miles west of Green Camp, reported to the sheriff's office Thursday afternoon that a hit-skip veicle had left the road and ran over a portion of his fence on County Road 42 south of Road 45. He estimated $10 damage resulted to the fence.

Decrease in Goiter Cases Shown Here By Health Survey

Results of a goiter survey conducted this spring among school children in the city and county of Marion show a substantial decrease in the incidence of the condition in comparison with a similar survey made in 1925.

Of 5,352 children in the city and county examined in the 1925 survey, a total of 33 per cent were found to have goiter defects.

In this spring's survey, only 4.5 per cent of the 4,681 children examined were found to have goiter conditions. Examined in the county were 1,451 children and examined in the city schools were 3,230 children.

Results of the survey, conducted by the Ohio Public Health Department, were received Thursday by the Marion County Health Department. The City Health Department also cooperated in the survey.

Difficulties began a week ago when Dulles decided there was great danger Mendes-France would seek peace at any price by the deadline of next Tuesday which he has set for himself. Dulles apparently concluded that the United States would have to denounce the prospective settlement and that this could be done with the least harm if the United States had no high - level representation at Geneva.

Mendes-France and British Foreign Secretary Anthony Eden urged him to reconsider and either go to Geneva or send Smith. Their argument was that the Western Powers should not show a divided front to the solid Communist block of Russia, Red China and Vietminh (the Communist party in northern Viet Nam, Indochina).

test vote in the Senate on his demands that McCarthy be stripped of committee chairmanships or be censured.

The 12-member Republican Senate Policy Committee announced yesterday it was lined up unanimously behind Sen. Knowland of California, the Senate GOP floor leader, in his announced plans to try to kill the Flanders motion.

Flanders says he wants the Wisconsin senator removed from committee chairmanships to end what he terms McCarthy's "destructive" force in the Republican party. The policy committee gave no reason for opposing his move.

Symington and Sen. Jackson (D-Wash) both disputed McCarthy's decision refusing to count the absentee vote for McClellan, which they said would have assured a 4-3 margin for Potter's motion on the subcommittee staff. But they said they could not appeal the decision without encountering a 3-3 tie vote, which would have allowed McCarthy's ruling to stand.

McCarthy ruled that McClellan's proxy, telegraphed from Arkansas here he is campaigning for renomination, was a "blanket" document drafted to meet any situation. He contended subcommittee rules require that such votes be drafted to cover specific issues.

Just what the procedure will be when the subcommittee meets again Tuesday McCarthy declined to say. But Potter told newsmen: "I've made my motion and I'll stand pat on it."

The Wisconsin senator is prepared to use that information "to strike back at anyone who attempted to balk him," Celler declared.

He said McCarthy had gained access to the files of the Bureau of Internal Revenue through an executive order issued by President Eisenhower in February 1953.

Celler said he had appealed to the White House a month ago to withdraw the order, but there had been no response.

The French and British hope to reach a large measure of agreement with the Communists on detailed terms of an armistice by the time U.S. Under Secretary of State Walter Bedell Smith arrives tomorrow to sit in on the negotiations.

Sources in Washington said the United States does not appear to have budged from its disapproving attitude towards any partition of Viet Nam. But informants there said Mendes-France assured Secretary of State Dulles at their recent Paris huddle that France would only agree to an Indochina truce couched in terms that the United States could live with.

BOY KILLED BY CAR

ZANESVILLE, Ohio (AP)—Three-year-old Gary Milligan was killed yesterday when run over by a car as it was backed out of the driveway at his home in Belle Valley, Noble County. The car was driven by his aunt, Mrs. Olive Milligan.

Tax Payments Lag in County

Deadline Nearing, Treasurer Cautions

With payment deadline only four days away, Marion County Treasurer Marion Hinklin reports that real estate tax collections for the second half of 1953 are lagging behind schedule.

He estimates that approximately 30 per cent of the collections are yet to be received in his office by 4 p.m. Tuesday. To assist these taxpayers, the treasurer's office on the second floor of the Courthouse will remain open between 7 and 8 p.m. tonight, Hinklin reported.

Saturday the office will be open from 8:30 a.m. to 3 p.m., and on Monday and Tuesday the hours will be from 8:30 a.m. to 4 p.m.

Tax books will close Tuesday, and there will be no extension of time, Hinklin said. Payment may be made in person or by mail.

tertown newspaperman who was a witness.

The series of explosions broke windows all over the town at distances of a half mile and more away.

Smoke columns rose into the air for a thousand feet.

The plant occupies a 20-acre site at the west edge of Chestertown about a quarter of a mile from the center of town. It is made up of about 30 or 40 buildings, most of them small and dispersed.

Usilton said first reports from the scene indicated there might be many casualties in one of the larger buildings where women workers assemble fireworks and detonator fuses.

Calls for help went out to Easton, Elkton, and Dover, Del. Hospitals there were alerted.

Usilton said one report indicated small houses containing the more powerful explosives hadn't gone up.

Blasted Into Air

Whole bundles of fireworks were blasted into the air and then exploded.

Rescue work was hampered by the continuing explosions.

Usilton said the whole town was standing by tense and taut, waiting for the moment when the extent of the disaster could be gauged.

The local Civil Defense organization went into immediate operation to help in the rescue work.

13 Sheep Stolen

Theft of 13 sheep within the last 10 days from his farm on County Road 26 near LaRue was reported Thursday by Ralph Williams to the Marion County sheriff's office.

The lambs, about six months old, weighed between 75 to 80 pounds, Williams estimated.

AFTER 11 DAYS—FREEDOM AGAIN. After 11 days of captivity in Red Czechoslovakia, seven Americans—a captain and six enlisted men—return to freedom in West Germany. The seven were turned over to border police by Czech guards. Capt. Jack Davis left) and the others are shown with a German policeman (right) after their release.

Increase Reported in County Sales Tax Collections for Year

Final tabulations on sales tax collections in Marion County for the fiscal year ending June 30, 1954 showed a slight increase over the previous year's figures. In the state, all-time record receipts of $195,006,018 were reported by State Treasurer Roger W. Tracy.

Collections in the state represented an increase of $6,264,217, or 3.3 per cent over the receipts of $188,741,801 for the previous fiscal year, Tracy said.

.4 Per Cent Higher

In the county, receipts for the recently ended fiscal year were $1,105,622 which amounted to .4 per cent increase over the previous fiscal year when $1,100,394 was listed.

Commenting on the report, Tracy pointed out that substantiates his position of a year ago when he advised legislative leaders that collections for the year probably would exceed $183,000,000, despite budget estimates of the administration that the sales and use tax would produce only $172,600,000.

The report further shows that for the last nine days of June, collections in the state amounted to $9,932,830, which represented a gain of $634,633 over the corresponding period of last year. In Marion County, the $58,808 collected during that period this year was less than the $60,086 reported for the similar period last year.

Figures for Area Counties

Surrounding counties, which joined Marion County in showing increases in collections for the fiscal year ending June 30, 1954, reported the following receipts (with 1953 fiscal year receipts in parentheses): Crawford, $741,466 ($729,898); Delaware, $400,588 ($370,261); Hardin, $406,304 ($397,929); Morrow, $162,121 ($150,329); Union, $279,601 ($259,202); and Wyandot, $298,288 ($279,947).

Collections for the nine-day period ending June 30, 1954 (with corresponding 1953 figures in parentheses) for surrounding counties were: Crawford, $45,267 ($43,324); Delaware, $26,133 ($20,130); Hardin, $20,133 ($19,365); Morrow, $8,351 ($7,880); Union, $17,270 ($15,672); and Wyandot, $16,918 ($17,393).

Marion Man Arrested On Knox County Charge

A Marion man, charged with grand larceny in Knox County, was taken into custody by city police Thursday and later turned over to Mount Vernon police for return there to stand trial.

Lewis Marlind Hill, 27, of 587 Tyler St. was charged with the theft of some $200 in a warrant for his arrest signed by a woman identified only as Dolores M. Tatham Hill of Knox County. He was arrested by city police at 10:22 a.m. Friday at his home. He was released to the custody of Capt. Kelly Friday afternoon.

2 Enlist in Air Force

Two enlistments in the Air Force the past week were reported today by Sgt. James LeRow of the local Air Force recruiting station.

Sent to Sampson Air Force Base, Geneva, N. Y., were James Robert Rech of 216½ N. Main St., who had prior service in the Army, and Vernon Bollinger of near Marion.

Drivers Unhurt In Auto Crash

Patrolmen Cite One After Morrow Mishap

No injuries were reported in a two-car collision in Morrow County Thursday afternoon and reported today by the state higway patrol.

The collision occurred about four miles north of Cardington on the Hacker Rd. at Haycox Corners at 2:50 p.m. Involved were cars driven by Henry D. Rush, 35, of near Cardington and Daniel E. Foster, 20, of Cardington.

Patrolmen cited Foster to appear before Cardington Mayor Don Healea Monday on a charge of failue to yield the right of way. They said he drove out of a driveway into the path of Rush's car.

Bloodmobile Unit Collects 255 Pints At Visits in Marion

When the Red Cross Bloodmobile Unit visited the Marion Power Shovel Co. plant Thursday 151 volunteer donors contributed 129 pints of blood. On Wednesday 138 donors gave 126 pints of blood at the blood donor center in the First Presbyterian Church. The next visit of the unit will be Aug. 19.

Mrs. John P. Courtright, chairman of volunteer services, was in charge. Doctors volunteering their services were J. A. McNamara, E. L. Brady, M. S. Olson and Richard W. Mills. Registered nurses on duty were Mrs. Bernard Smith, Miss Esther Mautz, Mrs. John Kelly and Miss Kathleen Thomas.

Heart Trouble

By Bob Considine

NEW YORK

New York cab drivers are, by and large, the best in the world. But one of them shot through a red light at 40 or 50 m.p.h. the other day. The cab I was in, driven by a man named Seymour Stern, stopped on a dime, throwing us both forward. The stop enabled the speeding cab to miss us by inches.

CONSIDINE

"A bum like that could give you heart trouble," observed Mr. Stern, and when my own ticker slowed down enough, I agreed.

By coincidence, there was waiting for me at the office an impressive brochure on research progress in heart diseases, as reported by the National Heart Institute. The findings are impressive. To wit:

Hypertensive heart disease (high blood pressure) affects 4,500,000 Americans, causes more than 13 per cent of the 775,000 deaths each year from heart troubles. Some 165,000 young men were rejected from military service during World War II because of hypertension. That's the problem.

As for the progress:

-:-

A SUBSTANCE from the root of the Indian snakewood plant, Rauwolfia Serpentinia, manufactured under various trade names, has been found to be effective in reducing high blood pressure without distressing side effects often caused by other drugs.

Also, rhododendron leaves have yielded a new compound which lowers blood pressure. High blood pressure in elderly victims may be relieved by a new synthetic drug, the creation of Dr. Nicholas S. Assali, University of Cincinnati College of Medicine.

The big killer, arteriosclerotic heart disease, causes more than half of all deaths from heart diseases, causes nine out of 10 heart attacks, and killed more Americans last year than any other single disease (about 350,000).

The progress:

Drs. C. B. Anfinsen, R. K. Brown, Edwin Boyle and J. H. Bragdon, of the National Heart Institute, Bethesda, Md., have come up with a chemical "clearing factor" system which converts to normal forms the abnormal giant molecules commonly found in the blood of persons with arteriosclerosis. Their drug, herpain, looks more useful than before.

-:-

DR. HENRY LAX, Columbia, has produced an instrument capable of recording arteriosclerosis. Blood thinning drugs of several types are credited with saving the lives of at least 100,000 heart cases.

Rheumatic heart disease is a leading killer and crippler of the young. Dr. Charles H. Rammelkamp, Cleveland, states: "The possibility of heart-damaging rheumatic fever can be prevented by a single shot of a new long-lasting form of penicillin given whenever a child has a strep sore throat." Cortisone, acth, and improved diets have been brought to bear in this field, as well as surgery on the mitral valve.

Surgery has made tremendous strides in combatting congenital heart disease, which kills 9,000 a year. Surgeons can now place fingers inside the heart and push excess tissue together to seal holes in the heart wall, or place plastic plugs therein. Artificial heart machines have "taken over" during operations for as long as an hour and twenty minutes.

As for heart failure, the end result of all the forms, it is being combatted by a newly-developed synthetic resin. "Atomic cocktails" tend to reduce the speed of abnormal death - bringing heart beats. An "artificial kidney" has been developed for use in this extremity.

-:-

WE KNOW a little more about the body's motor every day. Heart spasms during surgery can be prevented by administering Procaine Amide bfeorehand. Rapidal, an intravenous anesthetic, promises to make surgery safer for elderly persons.

It has been found that hard work does not cause heart attacks, and that new ways to measure heart damage and fit the patient to the job—a most important project of the National Heart Institute — are proving profitable to employer and employe alike.

Heart research, and research in general, that pays better than a good longshot. It is estimated that in the past ten years the lives of more than one million persons who would normally have died have been saved by research and development. They pay about 300 million dollars in federal income taxes annually!

A MEDAL FOR A WAR ORPHAN. Seven-year-old Susan Curtis poses at Buckingham Palace in London, England, with Victoria Cross awarded posthumously to her father, Lt. Philip Curtis, who was killed in Korea. Susan received medal from Queen Elizabeth II at an investure. Her mother died four years ago and Susan now lives with her grandmother, Mrs. Florence Curtis.

Time To Act

By George Meany

Victor Riesel is on his way to Europe to cover vital labor news breaking in that area. Today, while he is en route, George Meany, president, American Federation of Labor, is substituting for him as guest columnist.

The great need of our age is positive leadership for the attainment of world peace, freedom and prosperity.

America is the only nation that can supply such leadership. It can do so, provided that it maintains a strong internal economy as well as a just and courageous foreign policy.

How has the Eisenhower administration measured up in these respects? It is time we took stock.

In the struggle between the sinister forces of barbaric tyranny, as represented by Communist Russia, and the forces of freedom, led by our country, economic stability and vitality here at home are the keys to success. To win the cold war and prevent an atomic war we must be strong and grow ever stronger.

-:-

OUR STRENGTH depends, in part, upon our great material resources and our ability to produce the modern weapons of war in tremendous quantity. But there is another factor even more important — the human factor.

The real strength of America lies in its people, in their loyalty and in the high standard of life they have erected for themselves. It lies in their unconquerable faith in America as a land of social, political and economic freedom; as a land of inexhaustibel opportunity for better homes, better education and better wages — as a land dedicated, above all else, to human progress.

Measured by this test we have lost ground in the last two years.

Administration spokesmen continue to talk optimistically of an upturn in the near future, but business still is in the doldrums. Factory employment has fallen 1,500,000 from a year ago. It is still going down. Millions of additional workers have suffered sharp cuts in take-home pay due to temporary layoffs and shorter work weeks.

This all adds up to a tremendous loss in purchasing power!

-:-

THE ECONOMIC experts of this administration don't seem to realize that economic revival depends upon greater purchasing power in the hands of the great massas of our people. They appear to be relying upon sheer hope that business will pick itself up by its own bootstraps. Our economy just doesn't work that way. It is slipping because the government has failed to provide the necessary supports.

What are these supports? Labor suggests a program including tax reductions for those with low incomes, a higher minimum wage, federal aid for a badly needed school construction program, federal encouragement for a large-scale, low-cost home construction program and higher unemployment compensation standards.

The big fact to remember is that America can't stand still. To remain strong we must grow. Almost a million young people have left school this summer. We must provide jobs for them, as well as the abnormally large army of unemployed.

Thus far, the administration has failed to provide the leadership necessary to make America grow. It has failed even to prevail upon Congress to enact the minimum legislative program the White House recommended. The barren record of the 83rd Congress reflects a lack of confidence on the part of the President's own party in his administration.

-:-

THE DETERIORATION of our foreign policy has been even more dramatic than the slippage in our economy. The Communists have succeeded in driving a wedge between us and our allies. The situation in Asia today is almost chaotic.

By intervening in Korea, the free world took out an insurance policy against another world war, even though the premium was heavy. We have now let that insurance lapse. We were caught bluffing in Indochina.

The Communists know that aggression in Europe would mean war. They now that the North Atlantic Treaty Organization stands ready to resist aggression. They must be made to understand that the same holds true in Asia. We should take the lead in forming a Pacific Alliance to protect peace and freedom in Asia as effectively as NATO in Europe.

In the last presidential election campaign the American people were given a series of solemn pledges which were labeled a Crusade. The time has come to put the Crusade on the road.

No Horatio Alger

By Hal Boyle

NEW YORK

"Too few people will take the risk of doing better," said Budd Schulberg.

"If you play safe too long you reach a line of mediocrity. And by being afraid to go higher you actually wind up lower than the average."

HAL BOYLE

Schulberg, author - son of a famous Hollywood producer, was talking about the problem of making better movies. But in a larger sense he also was pursuing a problem that has always held him as a writer—the theme of success.

Budd, who is now 40, raised a few eyebrows with his first novel, "What Makes Sammy Run," a merciless study of the how-to-get-ahead formula of a guy on the make in Hollywood.

—:—

HE DID THE SAME thing for the boxing industry in his second novel, "The Harder They Fall." His third novel, "The Disenchanted," analyzed the decay of a Scott Fitzgerald-type writer under the influence of alcohol and Hollywood pressure to turn out the job the boss-man wants.

Budd, who is fascinated by the price of success in our time, wrote the script for "On the Waterfront," starring Marlon Brando, a tough film which he hopes is a step toward realism in Hollywood.

Like most writers he feels that the movie moguls generally low-rate the public taste—and that in trying to make dollars they sometimes don't make sense.

"The test of the movies in the next 10 to 20 years is whether they will go in for honest story telling," he said. "I don't hold with the idea that there has to be a split between an artistic picture and a mass audience picture.

"If the ancient Greeks were entertained by real tragedy and good writing—as the Elizabethans were by Shakespeare—there is no reason why we shouldn't be.

"The biggest mistake in Soviet Russian writing—which is subsidized—is that it is designed by those in authority to serve what they feel are the immediate literary needs of the people.

"That's where they have gone way off. Culture isn't for a moment. It is a matter of centuries."

It was this feeling of having too much direction from above that led Schulberg to give up screen writing as a boy wonder back in the 1930s.

"I like fiction better," he said. "I don't think of writing for the movies as true fiction—it's more of a collaboration, a team job.

"Writing isn't a hack job, but it is too often treated as a hack job in Hollywood. Hollywood hasn't really changed, but it is changeable, and the next period will be a writer's period, and pictures will be better."

—:—

SCHULBERG, an earnest reporter of the ambitious drives that move men in our times, has no Horatio Alger attitude toward success, and confesses a personal fondness for rascals.

"We are crazy about success," he said, "not real achievement—just success. But true success consists in going as far as you can with what you have and not being afraid of failure."

Budd does his writing on a 40-acre farm near New Hope, Pa., where he lives with his wife and three children. Recently he sold off 20 pigs after finding they were costing him money.

"But I like to keep two or three around," he said. "I like pigs. They seem to have such an all-around animal usefulness. I like to pick up apples and throw them to them. They are very friendly. I like to scratch their ears."

Kiwanis Hears Game Warden

J. H. Waters Gives Background of Work

John H. Waters of south of Marion, the new Marion County game protector, was guest speaker at the Marion Kiwanis Club weekly luncheon meeting Thursday at Hotel Harding.

He gave an account of his background in the work of game and wildlife protection, and outlined the policies and plans which have been set up for the future.

Mr. Waters was introuced by John Lawrence, program chairman for the day.

Five members of the Delaware Kiwanis Club were guests at the meeting, bringing to the local club the inter-club traveling plaque. It was presented by Dr. John Crites, president of the Delaware Club, to E. L. Mitchell, local club vice president, was was presiding for the meeting in the absence of the president, Rev. M. E. Hollensen. Mitchell in turn presented the plaque to L. Otis Porter, local inter-club chairman. Local club representatives will in the near future take the plaque to another club in the district.

In the group from Delaware, besides Dr. Crites were Wayne Hilborn, W. Roy Diehm, Dale Bowman and Vern Driggs.

Visiting Kiwanians at the meeting were Rev. Sheridan T. Walker of Mount Gilead and Henry H. Welch of Wilmington, Del.

130 Steubenville Phone Girls Walk Out, Protest Heat

STEUBENVILLE, Ohio (AP)—Phone company officials planned to meet today with 130 toll operators who say they won't return to work until air conditioned quarters are provided.

The operators walked out of the Ohio Bell office in 90-degree temperature yesterday and said:

"You can put more clothes on to keep warm, but you can't take enough off to keep cool."

The operators, who said fans were too noisy for them to hear calls, emphasized that the union was not involved in the strike.

Long distance calls were being handled on an emergency basis by supervisory employes.

Tot Borrows Mother's Purse, Thief Grabs It

TOLEDO (AP)—Two-year-old Sherri Haecker and her sister Roxi, 3, took a spin on their tricycles on the sidewalk of their home yesterday while their mother, Mrs. Howard Haecker, prepared breakfast.

Hanging from Sherri's arm as they rode along was Mrs. Haecker's purse, which the sisters had picked up as they walked out of the house.

A few minutes later the girls ran back into the house to tell their mother than a man grabbed the purse from Sherri's arm and ran away with it.

Mrs. Haecker said the purse had contained $80.

Tots' Attempt To Avoid Taking Naps Backfires

LOS ANGELES (AP)—Each day John Welch, 3, and his sister Linda, 2, seem to come up with new tries at avoiding their afternoon naps. What they did yesterday worked in reverse.

Mrs. Lois Welch put them to bed, but as soon as she left the room John and Linda wereup. Into the bathroom they went and found a bottle of white pills. They tried some and went fast asleep.

Mrs. Welch, looking in on her children, spotted an empty sleeping tablet bottle. After a quick trip to a receiving hospital John and Linda are okay.

New List of American Prisoners Handed Reds

GENEVA (AP)—The United States today gave Red China a revised list of Americans still imprisoned or detained in China and asked for the early release of all of them. An American spokesman declined to say how many names were on the revised list. There were about 63 on the previous one.

A red Chinese representative, Pu Shan, reiterated an earlier Community promise that as soon as information is received concerning these Americans it will promptly be made available to the U.S. delegation to the Geneva conference.

Prosecution of 'Windfall' Charges in FHA Difficult

By JAMES MARLOW

WASHINGTON (AP) — Promoters have admitted making millions in "windfalls' out of mortgages on apartments built with government-insured loans. Did they commit a crime and, if so, can they be prosecuted?

There is no simple answer. Getting a "windfall" profit is not, by itself, a crime. This much can be said in a general way:

It would be a crime if the promoter, in order to get the "windfall," deliberately deceived the government on his application for a government-backed loan. Even so, prosecution would depend on when it happened.

If it was before 1951, there could be no prosecution. There could be if it happened since then. The reason: one kind of law covering this field ended in 1950. Another law, similar to it, began in 1951.

In order to punish a man for a pre-1951 fraud, the government would have had to prosecute within three years. It's too late now. Most of the "windfall" cases brought to light in the Senate Banking Committee's fiery hearings occurred before 1951. It's beginning now on cases that happened since then.

Tax Angle

But the government could move in another direction —that is, in the tax field — against promoters who got "windfalls," whether or not they committed any fraud in obtaining the guaranteed loan.

If a businessman can report his income as a capital gain he pays less tax than if he reports it simply as income. The government has rules as to which way income can be reported.

If a promoter reported his "windfall" as a capital gain, the government, claiming now he should have reported it as income, can try to collect the difference. It's questionable whether it can collect.

During and after the war Congress wanted to encourage the building of apartments because of the housing shortage. It passed a law — under Title 6 of the National Housing Act — which expired in 1950.

Under this a promoter who wanted to build apartments could get a loan from a bank — with the government guaranteeing the bank against loss up to 90 per cent — if the Federal Housing Administration approved.

Files Estimate

To get FHA approval, the promoter had to file an application with that agency, giving his estimate of the cost. Then, if FHA investigators approved, the bank would make the loan.

His estimate would include the price of the land, the builder's fee, the architect's fee, and so on. Say Jones estimated his cost at a million dollars, the FHA approved, and the bank, with a government guarantee up to $900,000, made the loan. Then Jones completed the project at a cost of only $700,000.

That was $300,000 below the estimated cost. Was this crooked? Not necessarily. Jones may have found, when work began, a way to cut the actual cost by $300,000.

That $300,000 has been called the "windfall." Say, further, Jones' company split this $300,000 up among the stockholders. The full loan of a million dollars still had to be paid.

Was this then a $300,000 profit for the Jones company? It could be because the government fixed the rents that could be charged in Jones' apartments according to the total estimated cost.

Tenants Take Rap

So long as the loan was paid off, the government lost no money. The only ones who got stuck were the tenants since they'd have to pay higher rents than the FHA would have allowed if the estimated cost had been only $700,000.

But Jones would have committed a crime if he had deliberately falsified the estimates on his application for the government-guaranteed loan. Yet, FHA investigators, having checked his estimates, had said his one million dollar estimate was all right.

Suppose there was crooked work — collusion — between Jones and the FHA investigators. Could they be prosecuted? Not if it happened before 1951. Title 6 of the National Housing Act expired in 1950.

But in 1950 Congress passed Title 8 of the act. This was to encourage rental housing near military installations. It works similarly to the old Title 6 except that the Defense Department has to agree the housing is needed before the project is backed by a government-guaranteed loan.

TAKEN TO GALION

GALION — Raymond Baker of Galion, who was taken ill while on a fishing trip to Perry Sound, Canada, was admitted to City Hospital Thursday morning. He was brought to Galion by the other men in the fishing party, J. L. Curren, Henry Yeitter, William McCartney of Galion, Leonard Curren and Billy Curren of Waldo.

Daily newspapers throughout the world have a total circulation of 217,174,490, according to an estimate by the United Nations Educational Scientific and Cultural Organization.

Civil Service Positions

Civil Service openings for card punch operator, clerk, clerk-stenographer and clerk-typist positions located at Wilkins Air Force Depot in Shelby and other federal agencies located outside Marion County were announced yesterday by the U. S. Civil Service Commission.

In Thursday's edition of The Marion Star it was incorrectly reported that similar positions were also available at the Marion Engineer Depot and other federal offices in Marion County.

Tribe's Wynn Blanks A's on 3 Hits for 11th Verdict

Yankees Keep Pace; Garcia Named for Mound Tonight

PHILADELPHIA (AP)—Cleveland's Indians go into the second game of a three-game series against the Philadelphia Athletics tonight, still holding the American League's first place by a margin of only half a game.

The Tribe, hoping to build up a modest kitty in Philadelphia, smote the A's 4-0 yesterday witha minimum of effort against the seventh-place squad.

But the best laid plans have a habit of changing where the Yankees are concerned, and the New Yorkers gave every indication of wishing to continue their current winning streak—now at 10 straight—by overcoming the Orioles 3-1 in Baltimore last night.

Between now and the time the Indian-Yankee cheek-by-jowl business ends in a trio of clashes starting July 23, the Tribe might cushion its lead by making the most of two remaining games in Philadelphia, and three each against the fifth-place Washington Nats and the sixth-place Boston Red Sox.

Yesterday's triumph belonged to Early Wynn, who registered his 11th victory and second shutout of the season. He has seven losses.

Wynn begrudged the A's three hits, while the Indians could wheedle only five out of Alex Kellner and Marion Fricano.

For the first three innings and the last four, the Indians were kept impotent. With much the same niggardliness, Wynn retired the last 13 Philadelphia batters in succession.

But in the fourth inning, Bob Avila doubled. Larry Doby drew a walk, and Al Rosen doubled to send Avila home.

In the sixth, Jim Hegan doubled and went home on Wynn's single. Then the Cleveland pitcher went home on a double by Al Smith, who also scored when Joe Demaestri threw a wild relay to the plate.

His injured finger almost healed, Mike Garcia starts tonight against Philadelphian Arnold Portocarrero.

Bill Current Hikes Total, Wins in Two

COLUMBUS, Ohio (AP)—Bill Current of Wilmington last night won both heats of the Ohio Colt Racing Assn. Stake for 3-year-old pacers at Hilliards Raceway. It boosted him to 28 wins out of 49 starts, tops for harness drivers at Hilliards this season.

He drove to victory behind Queen's Adios, a glistening bay. Time was 2:06.2 for the first heat and 2:19 for the second, both mile events. The purse was $1,000. No bets were taken.

Redlegs Tie For Third in NL Struggle

CINCINNATI (AP)—The Cincinnati Redlegs have moved into a virtual tie for third place in the National League and it takes someone with a long memory to recall, when they last were that high in mid-July.

About the best anyone can recall, at least covering almost the last decade, was 1950 when they also were in fourth place on July 16 but they were two games out of third.

Today they're less than a percentage point behind the third place Philadelphia Phils after coming from behind twice last night to sweep a doubleheader from the Philadelphians, 2-1 and 4-3. Of course, they have company because Milwaukee, winning a double header from Brooklyn, stayed in a tie with Cincinnati.

It was rough treatment the Reds gave to Terry Moore, who had taken over only a few hours before game time as the new manager of the Phils. Steve O'Neill became the first managerial casualty of the 1954 season as he was ousted to make room for Moore.

The Reds used the home run in winning the first game and in the nightcap it was a bases loaded single by reliable Gus Bell that drove in the tying and winning runs in the eighth inning.

The weak hitting Phils got some fine pitching by Curt Simmons and Bob Miller but they didn't have the punch to cope with some equally fine hurling by Art Fowler in the opener and then a three-man job by Bud Podbielan, Jackie Collum and Howie Judson in the finale.

The Phils got only a dozen hits in the two games. The Redleg total was only 14 but the Rhinelanders had the damaging long distance wallops.

In the opener, Simmons and Fowler battled on even terms until the seventh when Jim Command's single drove in the only run the Phils got. The lead didn't stand up long as Andy Seminick homered in the Cincinnati half and then Jim Greengrass did the same thing in the eighth to register the winning tally.

Philadelphia also got away in front in the second game as Smoky Burgess' home run drove in Richie Ashburn in the first inning. Podbielan survived that shaky start, however, and kept the Phils under control until the sixth when they picked up another run on a walk and a triple by Danny Schell.

Cincinnati immediately started getting to Miller. A triple by Charlie Harmon and an infield out brought in one run. Ted Kluszewski homered for another in the seventh and the tying and winning tallies crossed the plate in the eighth.

Grace Quits Mt. Gilead Post for Crestline Job

MOUT GILEAD — Coach Les Grace, Mount Gilead mentor the last three years, has accepted a position as head basketball and assistant football coach at Crestline he announced this week.

Grace had previously accepted a position as head coach at Paulding but he requested release from the contract Saturday. Dick Armstrong, former Centerburg coach, will be the head football and assistant basketball coach.

Last winter Grace's basketball squad copped the district title at Capital University and then advanced to the semi-final round of the regional tournament at Troy. The Indians were downed by Westmont, conqueror of Lockland Wayne.

RUGBY MATCH ENDS IN BRAWL. Englishman Charlie Pawsey, left, grapples with Ken Kearney, New South Wales hooker, during a free-for-all in the England-New South Wales rugby league match at Sydney, Australia. Other players appear ready to join in the fight. The referee ended the game 16 minutes after the start of the second half when the English team declared the match abandoned and walked off the field.

Depot, UAW and Shovel Nines Win in Industrial No. 1 Action

Marion Engineer Depot, UAW 1039 and Marion Power Shovel turned in victories last night in Industrial No. 1 League play at Garfield Park.

The Depot nine outscored Marion Metal 10-6, UAW 1039 trimmed OSCO 5-3 and the Shovel crew defeated Local 750 7-2.

Five runs in the second frame powered the Depot team to victory. That outburst along with a run in the first and one in the third and fourth frames and two in the seventh provided its run production. Metal scored once in the second and five times in the fifth. Norris hurled the Depot team to victory, giving up 10 hits. McGowan, the loser, was reached for a total of 11. Leser with two hits and a home run and D. West and Anderson, each with two hits, paced the Depot hitting attack. Davis had a home run and double, R. Smith three hits and McGowan with a pair of hits were the top hitters for the losers.

The UAW 1039 squad took advantage of eight walks to down OWCO, Caldwell hurled UAW 1039 to the victory, permitting six hits. The loser, Young, was tapped for only four hits. The winners netted a run in the first and two each in the next two frames for the win. OSCO got a run in the first, one in the third and one in the fifth. Laird tripled for the winners.

Five runs in the first two frames clinched Shovel's victory over Local 750 as Wilcox hurled a four-hitter. The loser was Taylor, who gave up 10 hits. Jack Higgins, Roscoe Gruber and Bob Higgins all had a pair of hits and Harold Jenkins clouted a home run for the winners. C. Sloat homered and singled for Local 750.

ONE MAN INFIELD

ST. LOUIS (AP) — Red Schoendienst, second baseman of the Cardinals, made an unusual fielding play against the Cubs at Busch Stadium. He made an unassisted putout — at first base. Red ran behind first baseman Tom Alston to field a ground ball hit by slow-footed Jo Garagiola, Chicago catcher. First base was uncovered so Schoendienst ran to first base and beat Garagiola to the bag for the out.

PITCHING — Bob Buhl, Milwaukee Braves, gave up three hits as he blanked the Brooklyn Dodgers 2-0 in the first game of a doubleheader and recorded his first victory of the season after seven straight losses.

BATTING — Tom Umphlett, Washington Senators, batted in all three runs with a single and triple as the Senators nipped the Chicago White Sox, 3-2.

Giants Win

Braves Sink Brooklyn Twice, Push Over 6 in Final Chance

By The Associated Press

It was Milwaukee's last turn at bat. There were two outs. And the Brooklyn Dodgers were leading 8-3.

It looked like the end, and Milwaukee's all-time record crowd—43,633—was ready to go home satisfied at least with an even split, the Braves having won the first game 2-0.

Except for one detail—

The bases were loaded.

Joe Adcock came to bat. Reliefer Jim Hughes cocked his arm and prepared to finish off the side. But Adcock connected. Two men came in on his single.

Brooklyn Manager Walt Alston, taking no chances at this point, rushed Erv Palica to the mound.

The crowd went wild.

Andy Pafko came up. Palica tried hard, but Pafko got his number and slammed out a double that brought in two more runs. It was now 8-7.

Then Johnny Logan came up. This was it. And he did—a single. In came the tying run. Logan took second on the throw to the plate.

By now the incredulous crowd was ready for the kill, and catcher Charlie White's single over second, bringing Logan in, was all the Braves needed.

The score was 9-8. Milwaukee had dealt Brooklyn its first double defeat since Sept. 6, 1952.

The two losses, combined with New York's 4-0 triumph over the St. Louis Cardinals, boosted the Giants' first-place National League margin over the Dodgers to 6½ games.

Cleveland's Indians retained their half-game edge over New York in the tight American League race, defeating the Philadelphia Athletics 4-0 as the Yankees edged the Baltimore Orioles 3-1.

Chicago's third-place White Sox fell four games off the pace, losing to Washington 3-2. Detroit and Boston divided a day-night doubleheader, the Tigers winning the nightcap 4-2 after the Red Sox had taken the opener 3-1.

Cincinnati's Redlegs climbed into a three-way tie for third place with Milwaukee and Philadelphia, sweeping both ends of a twi-night twin bill from the Phillies 2-1 and 4-3 to spoil Terry Moore's managerial debut. Chicago's Cubs knocked off the last-place Pittsburgh Pirates twice in the afternoon 9-3 and 3-0. Hank Sauer and Ernie Banks homered in each game.

The Dodgers were limited to only three singles in the opening game by Milwaukee's Bob Buhl, who won his first game of the season after seven defeats.

Eddie Mathews slammed two homers, his 20th and 21st of the season, for the Braves. His first came in the seventh of the opener with a mate aboard to break up a scoreless duel between Buhl and Brooklyn's Bob Millikin. His second also came with a man on base to furnish Milwaukee's first two runs.

Pitcher Don Liddle and catcher Wes Westrum combined their talents to down the Cardinals. Liddle, the tiny southpaw, limited the Redbirds to five hits while Westrum walloped a home run and a single to drive in three runs.

The Yankees scored a run on each of two passed balls by catcher Les Moss and added another on Irv Noren's homer. Their victory string is now 10 straight.

Veteran southpaw Johnny Schmitz pitched a five-hitter and outfielder Tom Umphlett drove in all three Washington runs with a single and triple in their 3-2 victory over the White Sox.

Outfielder Bill Tuttle's two-run double in the ninth snapped a 2-2 tie and gave the Tigers the nightcap victory over the Red Sox. Ted Williams' ninth homer helped Willard Nixon pick up his eighth victory in the afternoon game.

Terry Moore Takes Over as Phillies' Pilot

CINCINNATI (AP) — "Amateur" Terry Moore had a major league ball club to manage today and the Philadelphia Phillies were hopeful the former center fielder of the St. Louis Cardinals' Gas House Gang, can rejuvenate the Whiz Kids.

Moore was handed his very first managerial assignment yesterday in a surprise road-trip shift, "Gentleman" Terry took up where rough-hewed Steve O'Neill left off—directing the endeavors of a ball team in third place in the National League, 15 games behind the first-place New York Giants and a far piece from prescason expectations.

General Manager Roy Hamey called sportswriters together and announced that Moore was being called up to replace O'Neill in hopes he might be able to instill in the cooled-off 1950 National League pennant winners some of the "alert" type of play that characterized Moore's own tenure with the Cards.

Hamey said the selection of Moore was "a shot in the dark," decided on after only 48 hours of serious deliberation.

TERRY MOORE
Fills New Post

O'Neill, veteran manager of long standing and onetime catcher with the Detroit Tigers, said the announcement that he was through came as a "bolt from the blue."

Moore had little to say. He pointed out he had seen the Phillies play only twice in the last two years.

Moore, who also was a coach for the Cardinals following his 11th season as an active player, had planned — until tapped by Hamey — to retire and devote all his time starting next fall to a dance hall, bowling alley and cocktail lounge he owns near St. Louis.

He took over immediately after the press conference and his first day at the helm was marred with a double defeat at the hands of Cincinnati. The Redlegs won a twi-night double-header 2-1 and 4-3.

Moore was signed to a one-year contract, salary undisclosed, Hamey said, adding that one-year pacts would be a Phillies policy with managers from now on. O'Neill will receive the pay coming him for the balance of this year, the extent of his contract.

O'Neill packed and left the club last night with no apparent hard feelings. He wished his successor "better luck than I had. I hope you will be there for a long, long time."

Other than the club's failure to hold down the No. 1 spot in the league, the main reason for the Moore appointment seemed to be a belief in the oft-tested precept—if the team isn't doing so well, get a new manager.

That was the way Hamey expressed it.

Rac's 3-Run Blast Wins for Birdies

By The Associated Press

Chances of anyone catching Indianapolis in the American Association pennant race become more remote by the day.

The Indians boosted their lead back to nine and a half games last night by defeating Minneapolis 10-5, while second-place St. Paul was losing 6-2 at Kansas City.

Charleston's Senators salvaged the finale of a five-game series with Louisville 3-0 on the strength of Tommy Hurd's six-hit pitching. The shutout snapped a string of 11 successive defeats the Senators had suffered at the hands of the Colonels this season.

Russ Rac's three-run homer in the seventh gave the Columbus Red Birds a 9-8 victory in the rubber game of a three-game series

Marion Industries Takes First Round In Girls Campaign

Marion Industries trampled Arro Expansion Bolt 15-6 and Marion Power Shovel nipped General Telephone 8-5 in Girls' League softball action Wednesday night.

Sally Murray and Virginia Eby made up the battery for the winning Industries squad. Huntley led the hitting attack with four hits in four trips to the plate. Her hits included a triple and a home run. Betty Bowman led the Arro hitters with four for four. Beverly Newell was charged with the loss and Barbara Newell handled the catching.

The win combined with a makeup victory over Power Shovel played July 8 gave the Industries girls the first round title. The champs plastered the Shovel 21-2 in the makeup game. The wins gave Industries a 3-0 slate for the first round. Shovel finished with a 2-1 record and the Telephone girls posted a 1-3 mark. Arro was defeated four straight.

In the Shovel's win over Telephone, Nancy Elkins and Maxine Hawk composed the winning battery. Veda Craven pitched for the losers with Colleen Kneisly behind the plate.

Games next week will pit Industries against the Telephone at the Depot diamond and Shovel against Arro at the Fairfield Engineering Company field.

The Marion Industries team is seeking additional games at home or away with girls' teams from this area.

SQUASH ANYONE?

CHAPEL HILL, N.C. (AP) Some things just can't be compromised. For instance the Notre Dame team showed up with tennis racquets, the Wake Forest team with golf clubs. Just one of those things. The what-you-may-call-it game was cancelled.

Shute Leading Field of 45 In Manakiki Tournament

By FRITZ HOWELL

CLEVELAND (AP)—The race for the $5,000 top prize in the $25,000 Manakiki Open Golf Tourney was a wide-open free-for-all today.

Headed by veteran Denny Shute, who carved out a 31-35—66 in yesterday's opening round, 45 hotshots were massed in the par-or-under bracket. All of them, and some who were above the magic figure, were given a chance to win.

Some experts were pointing the "favorite" finger at Freddie Haas, the lanky club designer from New Orleans, who zoomed in with a 35-32—67 for second place. In last year's final round Haas scored a 62, giving him 129—or 15 under par—for his last two jaunts around this 6,651-yard layout.

Shute, a 49-year-old grandfather from Akron, Ohio, making one of his few tournament appearances, won the 1936 and 1937 PGA titles and the 1933 British Open.

The big casualty in the first round was Jimmy Clark, the ex-Marine from Huntington Beach, Calif., who was disqualified for posting a wrong score after deadlocking Shute for the lead with 32-34—66. One portion of the card, kept by former Open champion Julius Boros, showed Clark with a 4-4 score on two consecutive holes when he actually shot 5-3.

On the heels of Shute and Haas, with 68 each, were Harold Williams and Herschel Spears, both of Alabama. Deadlocked at 69 were Felice Torza, St. Charles, Ill.; Jack Burke, Kiamesha Lake, N.Y.; Al Besselink, Merchantville, N.Y.; and Chick Harbert, Northville, Mich.

Seven were tied at 70: Tommy Bolt, Houston; Dutch Harrison, St. Louis; Fred Hawkins, El Paso; Bob Inman, Tulsa; Jerry Barber, La Canada, Calif.; Joe Guysick, Hartville, Ohio; and Mike Krak, Louisville.

LITTLE LAD — BIG CATCH

PITTSBURGH (AP)—Angelo Simbari showed how a lad of 9 can handle a fishing pole when he went fishing in the Allegheny River, hoping to catch a carp. Suddenly there was a mighty tug on his line. He held on fiercely. Workmen nearby watched Angelo struggle. But they didn't rush to help because Angelo said he could handle the situation. He did, too, pulling a 24-pound turtle. It was the largest such catch reported in Angelo's neighborhood in years.

FEAT OR FAMINE

NEW YORK (AP) — Alvin Dark, shortstop and captain of the New York Giants, went from a feast to famine in the hitting department. After getting five hits in five trips to the plate against the Cubs on May 14, Dark failed to hit safely his next 22 times at bat.

Ira Hanford was the first apprentice jockey ever to win the Kentucky Derby. He won with Bold Venture in 1936.

Better than Beer?
Can it be?

Try Carling's Red Cap Ale ...and see!
At Carling's we brew both beer and ale—and each is mighty popular. But more and more people are telling us Carling's Red Cap Ale gives them more pleasure than any beer they ever tasted. They say it's light and dry as the smoothest beer, yet with that extra flavor—that "heart" which only a fine ale can provide! They call it the "light-hearted" ale.
Tonight, why not try it? See whether you are one of those who find Carling's Red Cap Ale tastes even better than beer!

Wilhelm Sinks Hinton; Vance Defeats Osgood

Vance and Whilhelm recorded National League victories last night in Little League play at Robert Scott Field

Vance edged Osgood 4-3 while Wilhelm blanked Hinton 4-0

The win for pace-setting Vance was its 11th in 16 National League starts and protected its first place margin over runner-up Wilhelm, which turned in its ninth victory against six setbacks. Hinton is 8-7 for the season and Osgood 3-13

Three runs in the fourth frame proved to be Vance's winning margin in the opener as Larry Saunders and Stan Larkin teamed to tame Osgood on seven hits.

The winners had picked up their initial tally in the second frame while Osgood's entire run production came in the fifth inning

Saunders who was relieved by Larkin in the sixth, received credit for the win, his fourth against a pair of setbacks. He fanned three while walking two and Larkin allowed one hit in the final frame and walked one.

The loser was Stu Flesher, who went the distance to absorb his sixth loss against a single win He gave up only five hits while striking out seven and walking two.

Stan Larkin pounded out two hits for the winners while Larry Crowe, Dave Rouse and Tom Larkin all added hits Flesher connected for two hits for Osgood while Ned Porter, Doug Beaver, Jerry Bechtle, Jax Carroll and Dave Winters hit safely once

Harl "Rocky" Evans and Jack Waddell combined to throw a two-hit shutout at Hinton as Wilhelm triumphed in the nightcap.

Wilhelm netted what proved to be the winning run in the first frame and scored once more in the second and twice in the third for its run total

Evans hurled the first five frames until he was ejected from the game in that inning and Waddell finished up pitching chores Evans, who posted his fourth win against one loss was nicked for hits in the second and fifth frames as he struck out eight and walked none Waddell fanned one in the sixth.

Losing hurler was John Holmes, now 3-3, who was reached for only one hit — by Donald Long in the second frame. However, Wilhelm took advantage of four Hinton errors Holmes fanned six and walked three.

Holmes and Joe Ansley collected the Hinton hits The contest was played under protest by Wilhelm from the third frame on.

FOP Pitcher Faces 21 Batters In Posting Teen Loop No-Hitter

Dave Gallimore of the Marion Fraternal Order of Police nine hurled a no-hitter in whitewashing the Claridon, Caledonia, Martel combine 7-0 last night in a Marion County Teen League contest at Lincoln Park

Gallimore faced only 21 batters over the seven-inning route, retiring the first 18 batters in succession before Howser reached first on an error leading off the seventh but was quickly erased Gallimore retured the next two batters to preserve his no-hit job Gallimore struck out 10.

The winners cracked out 11 hits off the offerings of Gorby of the losers as they scored once in the first, once in the fourth, four times in the fifth and once in the sixth Gorby struck out two, walked one and hit a batsman

Garry Williams, Kenny Ellwood, and Gallimore all had two hits to pace the Marion hitting attack while Butch Simpson Bob Messner, Pete Bailey, Pete Bumgarner and Larry Gamble added hits.

Women Stars Play Today for Ohio Golf Title

CINCINNATI (AP) — There just doesn't seem to be much room for argument over any reference to Miss Claire Doran of Cleveland and Miss Carol Diringer of Tiffin a the one-two Ohio women golfers

Those two expert shotmakers met here today over the Losantville Country Club's tough 6,432-yard course for the 1954 women's state championship and it was the third straight time they have clashed in the title match

Today's match was over the 36-hole route.

Jones Winner In Feature at Richwood Oval

J L Jones paced the field in the feature event Thursday night at the Richwood Speedway. It marked the second straight feature taken by the Richwood driver in the strictly stock division

Joe Erwin of Richwood finished second and third place went to Truman Radebaugh of Delaware Walt Hamilton of Richwood took the fourth spot Erwin fought for the lead all the way but lost when he was tied up in a traffic jam The feature was marred by one accident Richwood's Jim Hamilton lost control and skidded out on the sixth lap.

Radebaugh took the first dash with Joe Jones of Richwood second and J L. Jones third. In the second race, Gene Goodard of Marysville led the way across the finish line Bill Sturgeon of Marion was second and Bob Brown of Delaware third.

Joe Endsley of LaRue copped the third event when he finished ahead of second-place Chet Johnson of Radnor and Walt Hamilton Dick Pugh of Raymond was running second in that event until he spun out on the last quarter lap and ended in the infield.

In the winners' handicap, it was Walt Hamilton showing the way. Johnson and Joe Jones followed him in that order Erwin came out on top in the consolation race with Buddy Hedges second and Don Koon of Bucyrus third Pugh escaped injury when his car overturned on the fifth lap

Hamilton also took the Australian Pursuit race J. L Jones finished second and running in the third spot was Chet Johnson.

KILLED BY TRACTOR

DAYTON, Ohio (AP) — A tractor started up as it was being cranked yesterday and ran over and killed William Althouse, 68, a farmer of near Brookville

Gypsy, Sheik Win Armory Tag Bout

Gypsy Joe and the Sheik of Araby teamed up to post a tag team match win over Farmer Jones and Maurice Roberre in the main event of Thursday night's wrestling card at the armory

The winners took the first fall when they teamed up against Jones after 14 minutes Jones evened the count when he weakened the Sheik in the second fall with a mule kick Roberre came in to make the pin at the four-minute mark The third fall went to the Chicago team when Jones missed a mule kick attempt and downed his partner Gypsy Joe finished the match with a quick pin

Billy Fox whipped Frank Hurley in straight falls in the semi-final after losing the opening fall. Hurley won that fall after 16 minutes with body slams. Fox came back to win the second fall in four minutes with drop kicks and took the third with a flying mare after six minutes

Bull Montana was disqualified in the 30-minute opener when he used knee drops on the throat of Chuck Molnar

REJECT REPRESENTATION

OWENSBORO Ky (AP)—By a vote of 153-95, 261 Ohio, Indiana and Kentucky operating and maintenance workers of the Texas Gas and Transmission Corp have rejected union representation They turned down, in a National Labor Relations Board election the bid by the International Chemical Workers Union to represent them

Palmer Enters Semi-Finals of Amateur Event

TOLEDO Ohio —Arnold Palmer the smooth swinging former Coast Guardsman from Cleveland, enters today's semi-final round of the Ohio Amateur Golf Tournament still favored to retain the title he won last year.

If successful, the Latrobe, Pa., native will be the first defending champion to repeat since Frank Stranahan took the 1941-42 events

Four survivors of earlier play travel down the Sylvania Country Club course today to decide contenders for tomorrow's championship match in the 48th annual meet

To reach the semi-finals, Palmer defeated Al Hager of Mansfield 5 and 4 and Bobby Kay of Toledo semi-finals paired with Steve Pipoly 36, of Youngstown

Boeing's New Jetliner Tested

Plane Believed To Be Biggest, Fastest Made

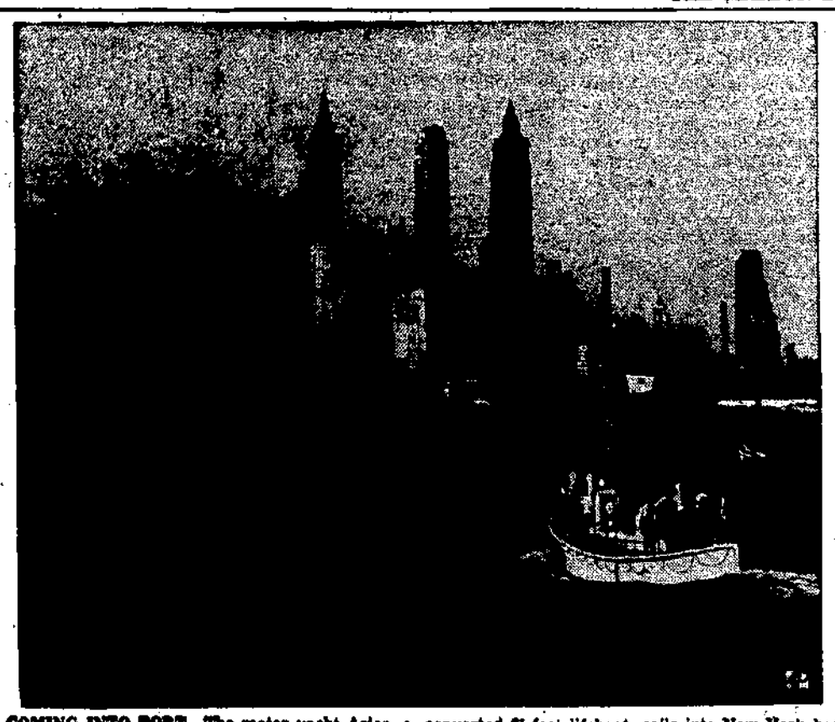
SEATTLE (AP)—The plane Boeing Airplane Co. believes is the world's largest and fastest jet airliner has left its nest and proved its wings in a dramatic flight test.

The big ship, dubbed the 707 and built to serve as an airliner for the commercial airways or a tanker to haul fuel for Air Force jet bombers, took off on its maiden flight yesterday.

The takeoff of the 110,000-pound craft came at a point two thirds of the way down the 5,400-foot runway at Renton Municipal Airport. Its four 10,000-horsepower jet engines had boosted it ipto the air in 17 seconds. Within 15 minutes it was at 20,000 feet. An hour and 24 minutes later it landed after what its pilots said was a faultless flight.

Company officials said no speed test was involved but the big craft, designed to carry 130 passengers in its massive belly, is supposed to be capable of a speed of 550 miles an hour.

The company says it has invested 16 million dollars in the ship.



COMING INTO PORT. The motor yacht Arles, a converted 61-foot lifeboat, sails into New York harbor after a 33-day trans-Atlantic voyage from Hastings-on-Thames, England.

Second Large Rubber Firm Facing Strike

NEW YORK (AP)—About 35,000 CIO United Rubber Workers have threatened a Monday midnight strike against 19 plants of the U. S. Rubber Co., unless a new contract is reached by then.

However, last-ditch wage negotiations were to continue here over the weekend in attempts to reach a settlement.

Herbert Dawson, assistant to the president of the union, said yesterday strike votes taken thus far in the plants have been overwhelmingly in favor of a walkout. Some returns are yet to come in.

The old contract expires at midnight Monday and Dawson said it would be a case of "no contract, no work."

The union is asking a substantial but unspecified wage increase and a correction of alleged inequities in pay between plants. Dawson estimated the present average wage at $2.04 an hour.

Company comment on the negotiations was not available immediately.

About 20,000 union members already are on strike at Goodyear Tire & Rubber Co. plants in nine cities.

At midnight, July 7, they struck Goodyear plants at Akron and St. Marys, Ohio; Muncie, Ind., Jackson, Mich.; New Bedford, Mass.; Windsor, Vt.; Gadsden, Ala., Topeka, Kan.; Lincoln, Neb.; and Los Angeles.

JAPANESE WAGES

TOKYO (UP) — Help-wanted advertisements in Tokyo newspapers indicate the following monthly wage scales: typist with a "good knowledge of English," $28; an ordinary typist, $20; a hotel manager, $28; an accountant, $42; mechanical engineer, $42; a store clerk, $1.20 per day.

$315,000 Sewer Issue Slated On Mt. Gilead November Ballot

MOUNT GILEAD—Members of the Mount Gilead village Council passed necessary legislatiod for a bond issue to pay for the construction of a new sewage treatment plant for the village when they met this week.

Voters of the village will have an oppotunity to vote on the issue at the general election on Nov. 2. The bond issue will total $315,000.

If the bond issue should pass, an average annual tax levy of 2.3 mills would be necessary to retire the bonds and the interest within the proposed term of 25 years.

The proposed issue would not be sufficient to assure completion of the necessary improvements to the sewage system. An additional revenue bond issue of approximately $85,000 would also be needed. The bonds to be voted on in November will be repaid by the above referred tax levy of 2.3 mills. The revenue bonds would be retired by the payment of sewer rentals by users of the system.

Preliminary estimates prepared by the firm of Burgess and Niple of Columbus, anticipates a cost of $365,000. However, these preliminary plans call for only the treatment plant and main sewers to the plant. No extensions of the present collection system are included in th $365,000 estimate. Members of Council estimate that an appoximate additional $35,000 will be necessary to extend the present collection system to those areas in the village not now being served by sanitary sewers. Thus the total cost of the plant plus sewer extensions will, based on present estimates, approximate an expenditure of $400,000.

The amount, $315,000, is the maximum amount that the village is permitted under state law to issue as a general obligation bond at this time. There is no maximum amount on revenue bonds.

LIGHTS OUT

DJAKARTA (UP)—The value of electricity was brought home forcibly to about 300 Indonesia families here recently. Consistent violators of the electricity ration assigned them, they found their power supply shut off for from one to three weeks.

Osgood-General Sales Organization To Be Unchanged

Announcement that the sales organization of the Osgood-General Co. will remain unchanged was made today by the Marion Power Shovel Co., which recently acquired controlling interest in Osgood and General Excavator.

John P. Courtright, president of the companies, said that Kenneth O. Williamson will continue as Osgood-General domestic sales manager and F. W. Raab Jr. will remain supervisor of the export sales division of the firm.

Williamson is working through district sales managers and distributors essentially as in the past and no change has been made in the Marion sales organization, Courtright said.

The announcement stated that preliminary operating arrangements aimed at strengthening the products, services and facilities of all companies involved are being developed by key personnel of both companies under Courtright's direction.

The acquisition of contolling interest in the Osgood Co. by Marion Power Shovel opens the way to many opportunities for both companies to improve in many ways, Courtright said.

He noted that owners of Marion Power Shovel and Osgood-General machines "should regard these companies as completely separate organizations and look to them separately for any sales and service needs they may have."

Marion Power Shovel acquired the controlling interest in the Osgood group by an exchange of common stock. Included are the Osgood Co. and its wholly owned subsidiaries, General Excavator Co., and the Commercial Steel Casting Co.

New Furniture Store Will Be Built at Ashley

ASHLEY—Wayne Lloyd, Ashley furniture dealer for the past seven years, has purchased the lot at the northeast corner of E. High and N. Harrison Sts., from V. S. Westbrook, Ashley hardware dealer, for a new store site.

Lloyd is planning a one-story concrete block building which will measure 60 by 80 feet. The concrete foundation has already been poured and the erection of the building will be in charge of the Bryant Lumber Co. of Ashley. The entrance will be at the southwest corner and will be flanked by a 40 foot show window on the south and a 20 foot window on the west. The floor will be asphalt topped and flourescent lighting will be installed. The freight-receiving entrance will be on the west side, north of the show window.

Lloyd is presently located in a store building owned by Mrs. Rosa Bartholomew.

About 900 asteroids (minor planets) have been discovered in the last year.

School Board At Mt. Gilead Accepts Levy

MOUNT GILEAD—The Mount Gilead Board of Education approved a two-mill levy which will be submitted to the voters at the Nov. 2 general election at its Tuesday night meeting.

The additional levy would be for salary increases, transportation and general operating expenses. In asking fo the additional levy for two years, members of the board pointed out that the school last year ranked 54th among the 74 exempted village schools in their pay schedule.

Ms. Gayle Patzer of near Mount Gilead was hired to teach the fourth grade and Mrs. Fern Riley of Marengo was hired to teach the third grade. Mrs. Patzer taught in the Mount Gilead schools from 1929 to 1940 and has had 14 years' experience. Mrs. Riley taught in the Marengo schools last year.

Two teachers are needed to complete the staff. A high school English-Dramatics teacher is needed and a seventh and eighth grade math and science teacher is needed.

Total expected enrollment of the first 12 grades next year is 815 compared to 782 last year. A first grade enrollment of 70 is expected. Second grade will be the largest with 107 anticipated. Senior class will be 45 or 10 larger than last year. The kindergarten is expected to have 55.

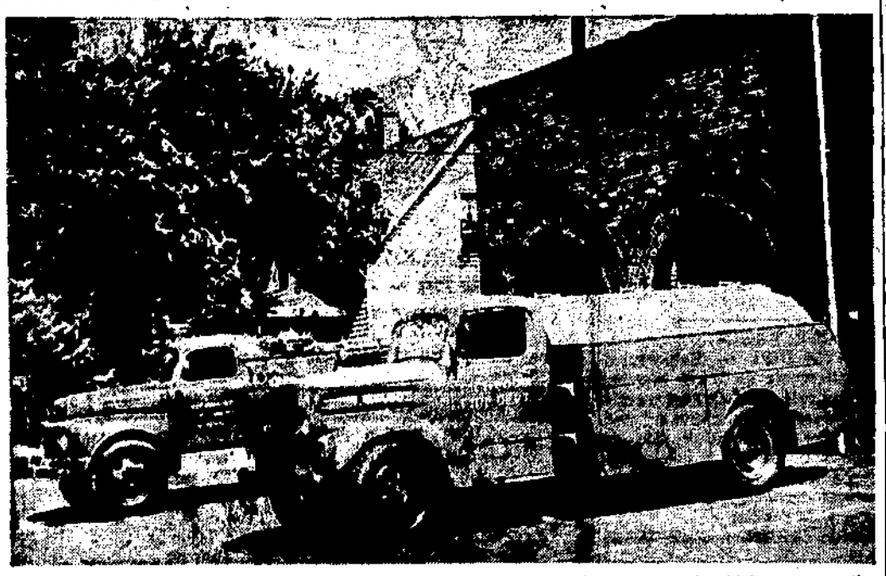
Richwood Firemen Obtain 3rd Truck



LATEST ADDITION to the Richwood Fire Department equipment is a tank truck which was recently added to a fleet of two other trucks and a resuscitator used in fire-fighting by the village's 15 volunteer firemen.

UPPER: Shining with its fresh coat of "fireman's red" paint is "Number Three." This tank truck was converted from a used oil company delivery truck. Parked behind it is "Number Two," the department's regulation-type pumper truck. In the fire station is the department's oldest piece of equipment, a 1925 truck.

LOWER: Making sure that the department's resuscitator is in workikng condtion are Richwood Fire Chief John Hartman and a volunteer fireman, Charles Wilcox. Fire calls are answered in the village and in Claibourne and Jackson Townships.

Oil Tanker Is Converted To Water Pumper by Volunteer Force

A third vehicle, a converted tank truck, recently was added to the equipment of the Richwood Fire Department.

Purchased from an oil company, the truck originally had seen use as a gasoline delivery truck. Members of the volunteer fire department of the Union County village spent many hours over a period of three months in working on the truck, getting it ready for its second span of life.

—:—

THEY CONVERTED the oil can spaces on the sides of the truck to storage space for fire-fighting accessories like water hose and hatchets and other implements. To make the truck better conform to fire-fighting use, the men channeled the truck's five gasoline delivery outlets into one manifold where the water hose is attached.

Final step in converting the truck was painting it a bright "fireman's red," and it was ready to become known as "Number Three" to the 15 volunteer firemen.

"Number Two" is a regulation-type pumper truck, and holding the "Number One" spot for the last 29 years is the fire department's old-timer, still ready to assist its younger counterparts.

In addition to the three vehicles, the 15 volunteer firemen also list a resuscitator among their facilities. This apparatus is used when trying to revive persons overcome by smoke or physical conditions like asthma attacks. Not many volunteer fire departments have a resuscitator, the Richwood firemen point out.

John Hartman is chief of the volunteer fire department at Richwood.

Traffic Accident Means Fine for Galion Driver

GALION — A fine of $15 and costs was paid by Merle J. Scheidler, 19, of Galion as the result of an automobile accident at 12:10 a.m. Thursday.

Scheidler appeared before Mayor Francis C. Schalip Thursday morning on a charge of reckless operation. According to the police report, Scheidler lost control of his car when he was driving west on W. Church St. and struck a parked car owned by Herbert Flannery. Both cars were damaged and Scheidler came to a stop on the front lawn of the Flannery residence.

AAUW FELLOWSHIPS

WASHINGTON (UP) — The American Association of University women has granted fellowships to 36 women in this country and abroad for advanced study during the 1954-55 academic year. Awards went to women who show promise in creative projects which range from studies of Australian rodent life to a treatise on French poetry. Six of the fellowships, financed by contributions from 1,270 AAUW branches and endowments, went to women in Belgium, Canada, Denmark, Italy, New Zealand and Latin America.

The Parliament of New Zealand has only one house of 80 members.

Mother at Bucyrus Enters Guilty Plea To Neglect Charge

BUCYRUS — At a preliminary hearing held here Wednesday, Mrs. Fern Harmon, 41, Bucyrus, pleaded guilty to charges of violating probation and neglecting her six children, and was placed in the Crawford County jail here after being unable to furnish bond of $500.

Mrs. Harmon was arraigned before Common Pleas Judge John C. Carroll, acting in the absence of Juvenile Judge Constance R. Keller, who is on vacation. Mrs. Harmon was arrested on a warrant signed by Edward Talbott, county probation officer. Her six children, ranging in age from three to 13 years, were taken to the county children's home at Galion.

A regular hearing has been scheduled tentatively for next Tuesday before Judge Keller. The hearing will be postponed until a later date if Judge Keller still is away, juvenile court employes said.

Mrs. Harmon was placed on probation in June, 1953, on a charge of tending to cause the delinquency of one of her children.

BAR HARBOR FERRY

BAR HARBOR, Me. — (UP)— Construction of a terminal for a proposed international ferry has begun at this famous old resort. The terminal is expected to be completed next year when the ferry will start plying between Bar Harbor and Yarmouth Nova Scotia.

CHURCH FUND

GEDDES, S. D. — (UP) — The family of Emil John Sip has $108 for the Methodist Church here because its prayers for Sip's safety were answered. When Sip enisted in the Marines in 1952, his brother, Leonard, vowed to save dimes for the church until Emil returned. The parents pitched in with quarters, and the total had reached $108 by the time Emil returned.

The Saar has nearly a million people in 991 square miles.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market was lower in the early afternoon today after boiling ahead at the start.

Most changes were small but declines went to between 1 and 3 points while gains were in the neighborhood of 1 to 2 points at the best.

Aircrafts were out in front in the initial rise and they held to their advantage doggedly. Basis for the rise is a new plan for heavy government spending.

Oils were depressed, as they were yesterday, because of heavy supplies and price cutting in the industry.

Also definitely lower were the steels, motors, railroads, chemicals, radio-television, textiles, tobaccos, and the airlines.

Among lower stocks were Socony-Vacuum, Cities Service, Texas Co., Union Pacific, New York Central, American Telephone, Allied Chemical, American Woolen, Pfizer, U.S. Steel, General Motors, and Radio Corp.

4-H Club News

A Mexican Fiesta was held by the members of the Pleasant Cloverettes 4-H Club taking the entertainment project Tuesday night at the home of the advisor, Miss Rosemary Mautz.

Members were dressed in brightly-colored cottons and the Mexican theme was carried out in the dinner, favors, invitations, decorations and entertainment. Articles from Mexico were displayed and Mexican music was played.

The committee in charge of arrangements was composed of Shirley Seiter, Jean Seiter, Marilyn Bunnell and Rosemary Mautz. Others present were Roberta Shorter, Barbara Shorter, Barbara Burton and Darlene Miller.

Woman Didn't Want Man To Bite Her Dog

GALVESTON (AP) —This could have made news.

Deputy Constables Johnnie Cuccia and Frank Bankston approached an address where they were to serve a warrant yesterday.

A large dog ran from the rear of the house and began growling in an unfriendly manner.

"What will I do if he bites?" Cuccia asked.

"Just bite him back," Bankston answered.

From inside the house a woman's voice yelled:

"Don't you dare bite my dog!"

Baby Sitter Burned Girl With Cigaret, Police Say

PROVIDENCE, R.I. (AP)—Police today accused a 20-year-old baby sitter of inflicting cigarette burns on a 2-year-old girl—and then attempting to pass the burns off as a possible case of measles.

Police Sgt. Edward J. Lovett identified the girl as Gertrude M. Polseno. She was booked last night on a charge of assault on Francine Coates, 2, daughter of Mrs. Darlene Coates, last July 8.

Lovett said two witnesses told police Miss Polseno burned the child on the arms, legs and body, allegedly because she did not like the child's looks. Miss Polseno denied the accusation.

Finn Twins Freed On Bond, Eat First Food for 23 Days

HOLLYWOOD (AP)—Haggard after 23 days in jail without food, the freed Finn twins sipped milk and gulped vitamin pills Thursday.

George and Charles, who lost 10 pounds between them during their fast in protest against what they termed the injustice of one-year sentences for interfering with a government officer, are in La Brea Hospital.

They were whisked to the hospital by ambulance late yesterday after being released from the California Medical Facility at Terminal Island on $1,000 bond each, pending their appeal.

They had vowed to starve to death rather than eat while in custody.

All their troubles stemmed from purchase of a war surplus C46 cargo plane from a school district. The government contends the purchase was illegal. The twins, both of whom have fine wartime flying records, contend it was legal.

At the moment the 40-year-old twins are more concerned with what they denied themselves for 23 days—food.

'54 May Be Record Season

State Parks, Recreation Centers Popular in Ohio

By WILLIAM K. TERRY

COLUMBUS, Ohio (UP) — What's your dish in outdoor relaxation?

Do you like to beat the heat by dipping in a cool pool? Would you rather try your luck with rod and reel? Does tramping along winding forest trails suit your fancy? Or would you rather just relax in a cool and heavily wooded area?

Take your pick, and you'll find just what you're looking for at one of Ohio's 55 state recreation areas. The state parks, lakes and reserves are well scattered and take in more than 79,500 acres of land and water.

Right now the state division of parks is in the midst of its biggest season yet. Last year about nine million persons visited them, and the total for 1954 is expected to be even larger.

Need More Facilities

V. W. Flickinger, state parks chief, says Ohio doesn't h have enough facilities to take care of everyone who wants to visit a state park on a weekend.

On a busy weekend, Lake Hope in Vinton County will attract 30,000 to 40,000 persons. It is the most highly developed natural park area in Ohio and is located in the heart of Zaleski State Forest.

A spacious dining room and central recreation area overlook the 120-acre lake, and the park has both housekeeping and sleeping cabins.

You'll be able to go swimming or fishing at most of the parks, although at some swimming is on a group reservation basis. Hiking is the main attraction at a number of parks which also are known for their unusual vege tion.

And you'll find the good old-fashioned family picnic table at most of the parks.

Major Parks

Here's what you can expect at some of the parks:

EAST HARBOR near Port Clinton, has a two-mile sand beach and features sheltered boating and good fishing.

HOCKING—There are six state park areas within Hocking State Forest in Hocking County. They appeal mostly to the hiker and are known as Ash Cave, Cantwell Cliffs, Cedar Falls, Conkles Hollow, Old Man's Cave and Rock House. Unusual plant life and rock formations are attractions.

JEFFERSON LAKE—You'll find swimming, boating and fishing in this well - developed area near Steubenville.

JOHN BRYAN — Daniel Boone once frequented this area which was the last stronghold of the Shawnee Indian tribe in Ohio. Rare plant life and a fine swimming pool for group use are featured in this Greene County area.

PIKE—Housekeeping cabins are featured at this park, located in one of Ohio's most scenic areas. Both stream and lake fishing are found. The park is a few bends in the road away from the Portsmouth area atomic plant.

Rocky Fork

ROCKY FORK—This new state park is east of Hillsboro and provides facilities for boating of unlimited horsepower, swimming, picknicking and hiking. The water area is 2,080 acres.

PYMATUNING—This Ashtabula County area has facilities for tent camping, and fishermen say the wall-eye and bass catches are fine.

GRAND ST. MARYS LAKE—This is the largest inland body of water in Ohio and is in Auglaize and Mercer counties. It is one of the few inland lakes with an unlimited speed zone for boats.

SCIOTO TRAIL—There are two small lakes in this area 10 miles south of Chillicothe. One can be reached by road, the other only by trail. Beautiful winding streams attract vacationers.

COWAN—Pleasure boats including sail boats are found on the 700-acre lake in Clinton County, southwest of Wilmington.

Part-Time Name Change Plea Rejected by Court

DETROIT —(UP) — Stanislawa Strzempek, 47, wanted to change her first name to Stella, but for working hours only

She explained to Probate Judge James H. Sexton the switch could be a convenience for the 100 customers she serves daily as a fitter for a downtown department store.

By night, she said she would just as soon remain Stanislawa.

When Judge Sexton said this couldn't be done, she changed both names to become Stella Stempek.

News of Servicemen

A former Marion and Ada, O., resident, Cpl. Edwin Robisch Jr., has been awarded the Commendation Ribbon with metal pendant for meritorious service in Korea while serving with Headquarters and Headquarters Detachment at Pusan Replacement Depot, Korea.

The citation, in part, read: "During the period Feb. 20, 1953 to Jan. 9, 1954, as administrative non-commissioned officer and detachment clerk, he effectively prepared correspondence, rosters, receipts, statements of charges, cases of courts-martial and administration incident in personnel actions. Cpl. Robish performed the many duties attendant to his position in a highly exemplary manner. His unusual ability, outstanding initiative and constant devotion to duty earned him the respect and admiration of all those with whom he served and contributed materially to the success achieved by his organization in accomplishing its vital mission."

Cpl. Robisch is now residing with his wife, the former Agnes Garver of Ada, and their year-old son, Blake John, in Columbus where he is a student at Ohio State University. His parents, Mr. and Mrs. Edwin J. Robisch Sr., reside in Salamanca, N. Y.

The 22-year-old soldier, who served 11 months in Korea, is a graduate of Harding High School and later attended Ohio Northern University at Ada. He is the holder of the Korean Sevice Medal with two Bronze Stars, United Nations Service Medal, National Defense service medal, and the Good Conduct Medal.

Ejector Seat Saves Pilot as Jet Explodes

YOUNGSTOWN, Ohio (UP) — A Sabre Jet plane, flashing through the sky at 15,000 feet on a routine training flight, exploded yesterday and crashed to bits on a farm near Gustavus in Ashtabula County.

The pilot, Capt. Dean F. Schwendeman, 33, of Marietta, Ohio, was shot out of the craft by a seat mechanism He parachuted to safety with a few bruises to show for his experience and commented later:

"That ejector seat is a wonderful thing."

Schwendeman said the F86 "just seemed to explode" Air Force officials did not permit him to make further explanation.

The pilot had taken off from Youngstown Air Force Base just nine minutes before the crash on the farm of Floyd Knowles

Radio and Television

By JOHN CROSBY

Pretty Spotty

Summer is the time for new faces which are scattered around liberally in place of new ideas which are not. One of the places

J. CROSBY

where you can get your fill of new faces is "The Saturday Night Revue," a great grab-bag of a show which has some serious shortcomings as art.

The show has been presided over by Eddie Albert, who is hardly a new face—in fact, you could hardly avoid him on the dramatic shows last winter — but is fairly new at this line of work. It's just possible he's not right for it, too. He cracks jokes about Zsa Zsa Gabor and Joe Maggio's fairly new bride, introduces the tap dancers and even sings a song. He doesn't do any of these things badly, exactly, but he doesn't bring to them any great verve of dash either.

Incidentally, after next Saturday, Albert will be off the show for three weeks to appear in a movie and his place will be taken on successive Saturdays by Caesar Romero and George Gobel, Hoagy Carmichael and George Jessel.

-:-

ONE OF THE CHIEF regulars on the revue is Ben Blue, also hardly a new face who is still making do with some of the oldest material in the world. Blue, it seems to me, has plenty of talent and loads of experience but he's also blessed with an almost total lack of taste.

In one sketch last Saturday, he played the part of a rowdy butler who chased a curvaceous maid around, bandied wisecracks with the mistress of the house and insulted her guests. It was the sort of outrageous comedy — people's pants fall, that sort of thing — that I find uproarious when the Marx brothers do it and just vulgar when Blue does it.

Blue was in another sketch, popping in and out of train berths—Blue has a weakness for sleeping car sketches — which wasn't much better. Then, in the finale, he did a sort of Charlie Chaplin tramp bit being pushed around by the better folk on New Year's Eve. It was very, very good, though frankly derivative. Spotty fellow, this Blue.

-:-

SPOTTY SHOW, TOO. There is a comedian who appears fairly regularly named Dave Barry who shows great promise. He does imitations of Arthur Godfrey (There isn't enough Godfrey on the air already? We got to have imitations yet?), Winston Churchill and Liberace which are remarkably faithful to the original and at the same time very funny. I didn't think there was a man alive who could recreate Liberace's saccharine smile — but Barry can.

About the other new faces I'm not so enthusiastic. A girl sang a number called "Why Did They Have To Pick Me for the Shot Putt" about as well as anyone could sing a song like that which isn't saying much. Betty Bruce did a very muscular dance. Some puppeteers named Walter and O'Rourke staged a puppet song and dance number which was ingenious and amusing. They're doing amazing things with puppets these days. If they continue to improve, it's just possible they'll throw all the actors out of work.

-:-

ANOTHER FEATURE of the "Saturday Night Revue" is the Sauter - Finnegan orchestra and about them I have an open mind. They're either very good or very bad, I haven't decided which. It certainly makes some mighty interesting noises which may conceivably be music. It's the only band I know that has two directors who work in unison and it produces a depth and variety of sound that is unique.

The "Saturday Night Revue" comes from Hollywood and frankly shows it in the production department. Some of the production numbers are appallingly sleazy for such a major operation. There are miscues and fluffs and the camera work is no where near on the plane of that of the eastern variety shows. Considering the wealth of technical talent they have on the coast, I find this inexcusable.

N. Y. Herald Tribune

Of all the things that can happen to a man, few are worse than having your wife meet one of your old girl friends with a sense of humor and total recall.

Games, Basket Supper Feature Annual Ohio Edison Co. Picnic

An afternoon of games and contests was followed by a basket supper when employes of the Marion Division, Ohio Edison Co., and their families gathered for their annual picnic Wednesday at Holiday Hill, near Delaware. About 400 persons were present.

Highlight of the afternoon's activities was a fishing contest held in the stocked lake on the Holiday Hill grounds. Winner of all three prizes offered in the contest was Corintha Russell. During the one and one-half hour contest, she caught the first fish, the longest fish and the most fish. Her catch numbered 24.

Many Activities

Pony rides were held for the children, there was a hayride for everyone, and other amusements included volley ball, badminton, croquet, horseshoe, ping pong and shuffle board.

In a coloring contests for boys and girls ages 4, 5 and 6, winners were Steve Bender, Carol Lynn Kersey and Nancy Ann Zink. All children aged one through six participated in a penny-sawdust hunt, and all children under 7 years of age received a package from the treasure chest.

During the picnic hour, greetings were extended by H. J. Grigsby, division manager. The division includes offices in Crestline, Delaware, Richwood and Mount Gilead in addition to Marion.

A grade prize during the day was awarded to Mrs. Paul Smiley of Cardington. Various adult prizes went to L. D. Stull, Olive Craven, Irene Shipman, Paul Stimmel r., Millard Sims, Grace McMurray, Warren Eckard, Lloyd Lance, Jo-Anne Mull, Mrs. Lloyd McCreary, Mrs. C. C. Roberts, Emery Simpkins, Joyce Butterworth, R. I. Butterworth, P. E. Meddles, William P. Smith, Mrs. B. D. Betz.

Win Prizes

Children receiving prizes in contests were Ray Schwab, Barbara Kull, Carol Ann Hudson, Karen Kerr, Michael Pettingill, Candace Kramer, Melvin Lauer, Nancy Bodell, Richard Rogers, David Frost, David Frazier, Larry Smith, Barbara Groves, Susan Dunn, Lora Lee Shorter, Ann Heyburn and Mary Merchant.

Official company photographers were Larry Larson and Gordon Gallup. Publicity, correspondence and mail registrations were in charge of Miss Marguerite Walton and Miss Virginia Wilson.

Co-chairmen for the picnic were Ray Semmler and George Schwab. Other committees included: Miss Carolyn Creager, chairman, LeRoy Stull, Vern Russell, John Murray, Robert Cosgrove, Miss Beverly orton, Larry Kersey, Miss Shannon Dunn, Erich Fritz, Gene Hudson, Miss. Carol Oberlander and Paul Smiley, registration; Mrs. Lillian Hill, chairman, Miss Dora Leib, Miss Ruth Kleinmaier and Leonard Ahmay, children's games; Louis Kull, chairman, Ralph Bond test, Larry Mull, horseshoe chairman.

Youth Panel To Discuss Red Activities in Ohio

Discussion topic for the Marion Youth Forum broadcast Sunday at 3 p.m. over Station WMRN will be "The Communist Party—Its Aims and Practices in Ohio."

Moderator will be Kenneth Robinson, representative to the state legislature from Marion County, and the guest will be Sid Isaacs of Cincinnati, who in 1951 was made chairman of the Ohio Un-American Activities Commission and now is assistant attorney general of Ohio. He has practiced law in Cincinnati and has worked with the FBI for 10 years on subversive cases.

On the panel will be Carol Bachman, Murray Leeper, James Popoff, James Kratzer, Jay Isaly and Robert Knachel.

Nutritionist Hurls Blast At No-Breakfast Habits

CHAMPAIGN, Ill. (UP) — One nutritionist says many headaches, much irritability and mid-morning fatigue are due to the no-breakfast habit.

Harriet Barto of the University of Illinois says every family member should eat a breakfast that will provide one-fourth to one-third of his daily food needs.

She recommended the first meal include fruit, cereal or bread and a beverage plus milk, with the addition frequently of bacon, other meats, cheese or fish.

WATCHMAN DIES IN FIRE

SALEM, Ohio (AP)—A 53-year-old watchman, Olin Keller, was burned to death yesterday in a fire which destroyed a storage barn owned by the Levi Fox Fur Co. About $50,000 worth of furs and hides was consumed in the blaze, the company said.

I'M TIRED!!!

For a month I've interviewed men for a sales job with $500 to $1,000 commission monthly; I'm disgusted with the timid mice who've come into my office looking for a $40 weekly salary . . . ambitionless, envisionless young men with their heads hanging; old men who were licked and beaten.

Is there somewhere A REAL MAN with a consuming ambition to make his fortune, to carve out a career for himself . . . who is ready and able to do a top notch sales job for top notch compensation?

Drawing account artists and those looking for a QUICK DEAL stay away! If you have what I'm looking for, write for interview to Box No. 35, care Marion Star.

FARM DEALERS WANTED

Bob McMahon says:
"THANK YOU--- MARION"
For the largests new car sales in any 40 day period in our history.
The trend is to Mercury and this new record volume means we have taken in many fine late model cars—all makes—all body styles—many with very low mileage and near new—These cars all carry our famous 30-Day Guarantee—In Writing—and are priced right in order to move them quickly as we need room for more Lincoln and Mercury trade-ins! Shop our lot yet this week for the best values in town!
LINCOLN-MERCURY
"SAFE BUY" USED CARS

1953 Mercury
Sedan. Choice of two—One gray with blue top, one two-tone green—Both have radio, heater, Merc-O-Matic, white wall tires (like new). Exceptionally clean and low mileage. Real Buys!
$2299

1953 Pontiac
Coach. This beautiful green "cream puff" has actually been driven only 7400 miles. Here's a steal for some one. Look it over today. You'll buy it.
$1795

1951 Mercury
Sedan. Beautiful shiny black and clean as a pin. Radio, heater, Merc-O-Matic transmission. Nylon upholstery. Trade your present car on this one and "Move ahead with Mercury."
$1195

1952 DeSoto
Sedan. Blossom out in this sparkling green four-door with fluid drive, radio and heater. It's a good runner and in excellent condition—
$1795

1949 Lincoln
Convertible. Want a low slung 154 horsepower cyclone with classic durability and dependability. Then look this one over. Radio, heater, etc.
$795

1952 Lincoln
Sport Coupe. A one owner "fine car" special. Dark blue with cream top. Very low mileage. Hydra-Matic transmission. Heater, white wall tires. See this one!
$2895

1952 DeSoto
Club Coupe. One owner—driven only 10,000 miles. Radio, heater, power steering. Two-tone blue and a beauty. You can't go wrong on this one.
$1895.

1951 Frazer
Sedan. This car delivered new for over $3,000. It still looks and runs like new. Overdrive, radio and heater. Drive it. You'll buy it!
$795

1954 Mercury
Convertible. The man who bought this one decided he wanted a station wagon. Low, low mileage. Can't be told from a brand new car and really a steal at our asking price.
SAVE $800

1949 Chevrolet
Coach. This DeLuxe Two-Door is just right if you've got kids or dogs. Radio and heater. Shiny black finish. Last owner now letting his neighbors envy his new Mercury.
$595

1953 Mercury
Two-Door. Merc-O-Matic, radio and heater. Here's as good a buy as you will find anywhere. Drive it—You'll buy it!
$2195

1950 Mercury
Sedan. Here's one of those rare buys in a late model. We've serviced it since it was sold new. Look it over—drive it—it's worth much more than our asking price of only—
$895

1950 Ford
Club Coupe. This Five-Passenger Coupe is light gray. Radio, heater, overdrive. New seat covers. Just got it in Saturday and we won't have it long at this price.
$695

1953 Nash
Station Wagon. The popular "Rambler." One careful owner who took price in keeping his car clean. Here's a real buy for some one wanting a station wagon.
$1695

1953 Dodge
Sedan. This spopular "Coronet" model. Fluid drive, radio, heater and it's all yours with a 30-day guarantee for only—
$1395

1952 Oldsmobile
"88" Sedan. A nice "88" Four-Door. Only one previous owner—radio, heater and Hydra-Matic. Beautiful two-tone blue—
$1795

1950 Pontiac
Club Coupe. Beautiful two-tone finish. Radio, heater. Ex-owner's new Mercury consoles him for parting with this grand car. Nuff, said!
$795

1952 Henry J
Two-Door. Here's a real special in a late model low cost transportation car. Sharp as a tack inside and out—and it's a 6 cylinder.

STEVE CANYON By Milton Caniff

LONG AFTER SUMMER HAS HAD A SHOWER AND BREAKFAST IN THE RESORT HOTEL — AND STEVE CANYON HAS LANDED AT THE NATIONAL AIRPORT IN WASHINGTON...
I WOULD LIKE TO SEE MISS COPPER CALHOON
WHAT NAME SHALL I SAY, SIR?
CLARKE NETHERLAND
WAIT HERE, PLEASE
MISS CALHOON SAYS SHE KNOWS NO MR. CLARKE NETHERLAND
TELL HER I HAVE THE SHIMMER — FULL REPORT — I THINK SHE WILL CHANGE HER MIND...

THE HEART OF JULIET JONES By Stan Drake

THE FACT IS, HOWARD, THAT I STILL NEED A MAN AROUND THE PLANT TO KIND OF OVERSEE THINGS WHEN I'M ON THE ROAD TRYING TO BAIL THE COMPANY OUT OF THE RED. I'VE GOT A LITTLE AGREEMENT HERE — NOTHING COMPLICATED. JUST KIND OF A WORKING ARRANGEMENT—
DOES YOUR LITTLE WORKING ARRANGEMENT GIVE POPS BACK HIS 80% OF THE BUSINESS, HAL?
WELL, NOW, NOT EXACTLY, JULIE. AFTER ALL, HE'S JUST GOING TO BE DOING A LITTLE SUPERVISING.
THEN YOU'RE WASTING YOUR TIME. POP IS NOT SIGNING ANYTHING!

BLONDIE By Chic Young

DAGWOOD, WHY DON'T YOU MAKE YOURSELF A NICE BACON-AND-TOMATO SANDWICH?
WHAT MADE YOU SAY THAT? I'M NOT HUNGRY
OF COURSE YOU ARE
WELL, NOW THAT YOU MENTION IT, I GUESS I WILL GO DOWN AND MAKE MYSELF ONE
SURE
MAKE ME ONE TOO

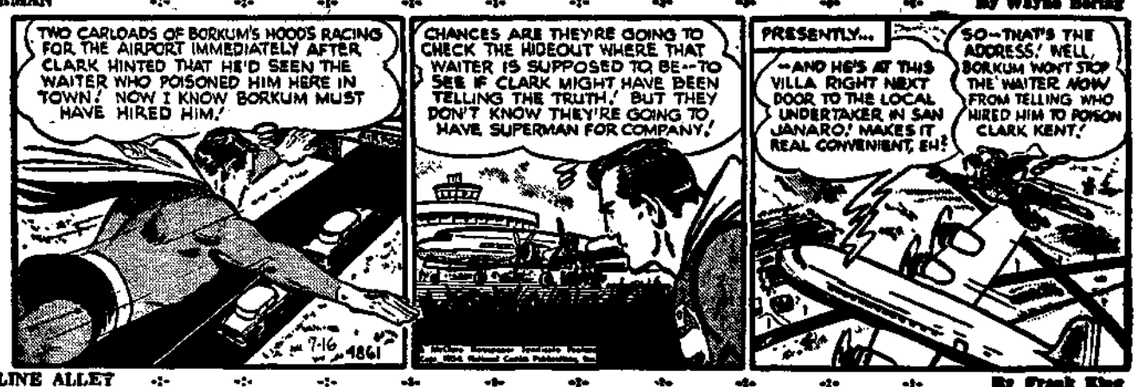
DICK TRACY By Chester Gould

WELL, WE'VE GOT THE OPEN-MIND MONTY CASE COMPLETE. WHEN THE D.A. TAKES IT TO COURT HE'LL BE LOADED.
GOSH, TRACY, THIS IS FUNNY! WE HAVEN'T A SINGLE HOT CASE LEFT ON OUR HANDS.
YOU'RE RIGHT, SAM. WE'RE ALL CAUGHT UP.
YES, SIR, ALL CAUGHT UP— FOR THE FIRST TIME IN 23 YEARS! OH, BROTHER!
TESS, FOR TWO CENTS I'D SEND THESE LUGS OUT TO CHECK PARKING METERS.
WAIT, CHIEF. TILL I GET THIS PICTURE, IT SHOULD BE WORTH A NEW HAT, AT LEAST.

RIP KIRBY By Alex Raymond

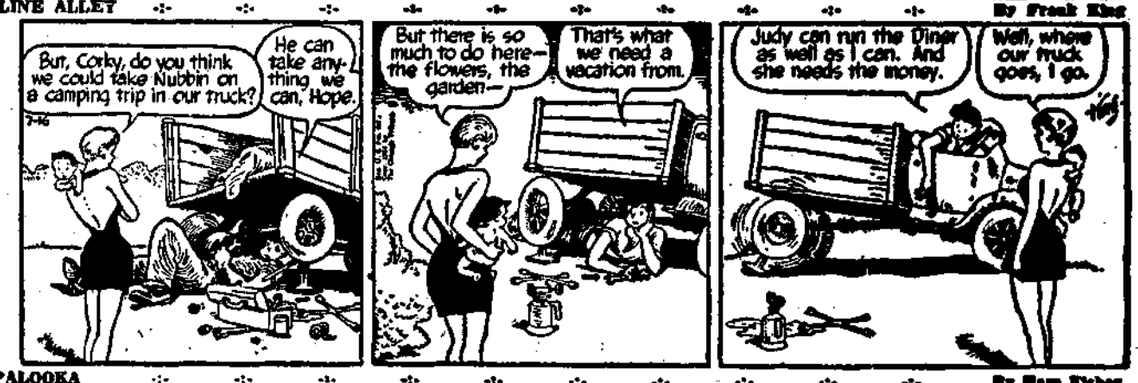
YOU SAY I MUST HELD YOU, MADAME? HOW?
THEY ARE AFTER US AGAIN... NEVER LET US REST. THEY'RE COMING AROUND THAT BEND NOW...
MR. DESMOND I HAVE SEEN YOU AND MR. KIRBY. I KNOW YOU WILL TAKE GOOD CARE OF MICHAEL... I MUST FLY...
YOU HAVE? WE WILL? YOU MUST?
GREAT CAESAR'S GHOST!

SUPERMAN By Wayne Boring



TWO CARLOADS OF BORKUM'S HOODS RACING FOR THE AIRPORT IMMEDIATELY AFTER CLARK HINTED THAT HE'D SEEN THE WAITER WHO POISONED HIM HERE IN TOWN! NOW I KNOW BORKUM MUST HAVE HIRED HIM!
CHANCES ARE THEY'RE GOING TO CHECK THE HIDEOUT WHERE THAT WAITER IS SUPPOSED TO BE--TO SEE IF CLARK MIGHT HAVE BEEN TELLING THE TRUTH! BUT THEY DON'T KNOW THEY'RE GOING TO HAVE SUPERMAN FOR COMPANY!
PRESENTLY...
--AND HE'S AT THIS VILLA RIGHT NEXT DOOR TO THE LOCAL UNDERTAKER IN SAN JANARO! MAKES IT REAL CONVENIENT, EH!
SO--THAT'S THE ADDRESS! WELL, BORKUM WON'T STOP THE WAITER NOW FROM TELLING WHO HIRED HIM TO POISON CLARK KENT!

GASOLINE ALLEY By Frank King

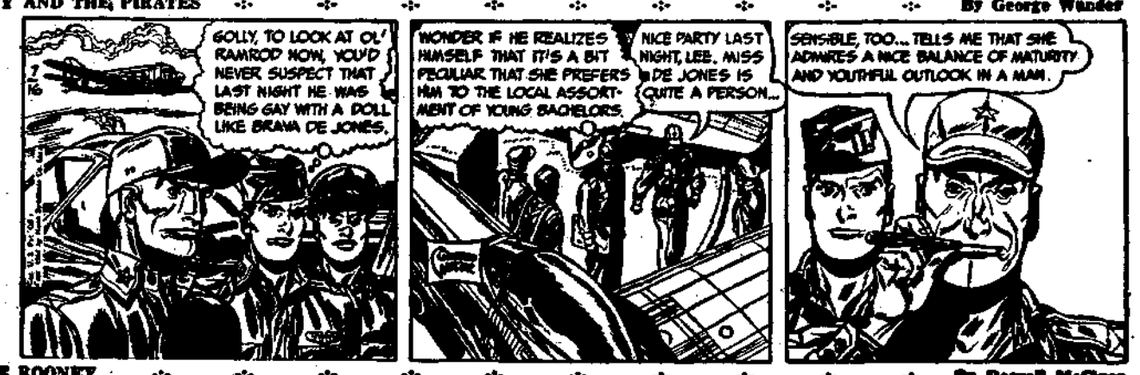


But, Corky, do you think we could take Nubbin on a camping trip in our truck?
He can take anything we can, Hope.
But there is so much to do here—the flowers, the garden—
That's what we need a vacation from.
Judy can run the Diner as well as I can. And she needs the money.
Well, where our truck goes, I go.

JOE PALOOKA By Ham Fisher

W-WOT'S TH' ROAR...
LOOKS LIKE SOMETHIN' COMIN' DOWN.
C'MERE QUICK!
FOR WHAT SEEMS INTERMINABLE HOURS, THE RED'S AVALANCHE ROARS OVER AND COVERS THE BOYS' HIDING PLACE... THEN DEADLY QUIET... IS THIS TO BE THEIR SILENT SEALED TOMB?

TERRY AND THE PIRATES By George Wunder



GOLLY, TO LOOK AT OL' RAMROD NOW, YOU'D NEVER SUSPECT THAT LAST NIGHT HE WAS BEING GAY WITH A DOLL LIKE BRAVA DE JONES.
WONDER IF HE REALIZES HIMSELF THAT IT'S A BIT PECULIAR THAT SHE PREFERS HIM TO THE LOCAL ASSORTMENT OF YOUNG BACHELORS.
NICE PARTY LAST NIGHT, LEE. MISS DE JONES IS QUITE A PERSON...
SENSIBLE, TOO... TELLS ME THAT SHE ADMIRES A NICE BALANCE OF MATURITY AND YOUTHFUL OUTLOOK IN A MAN.

ANNIE ROONEY By Darrell McClure

OKAY, FOLKS—THE WEDDING IS OVER—MELLO, YOU AND YOUR BRIDE WILL LEAVE WITH ME FOR THE CITY IMMEDIATELY— WHERE'S YOUR NEAREST AIRPORT?
BUT, MR. DEVILLE— NO HONEYMOON— ??
LATER, CHILD, LATER— WE HAVE A SHOW TO REHEARSE — MELLO WILL HAVE TO WRITE THE MUSIC — NOW LET'S GET ROLLING—
BUT—
NO "BUTS"— REMEMBER, SON— YOU'RE IN SHOW BUSINESS NOW!!
ANNIE, PRECIOUS, WE'LL SEND FOR YOU JUST AS SOON AS WE GET OFF THE MERRY-GO-ROUND — YOU ARE GOING TO BE OUR LITTLE GIRL FOREVER—
YOU SURE ARE, HONEY— YOU SURE ARE—

Easy Credit Asked For Latin America

ROCHESTER, N. Y. (UP) — American industry will have to grant long, easy credit terms to Latin American customers, if it expects to meet stiff European competition south of the border, according to an industrialist who made a recent survey of the situation.

"Letter of credit business is falling off and will fall off still more as European competition, notably from France and Germany, increases," said William Anders, chemical engineer for the Pfaudler Co., who made a two-month survey of industrial development in Mexico, Peru, Ecuador, Colombia and Venezuela.

"The reason is obvious," Anders continued. "French and German sales representatives are all through South America soliciting business. And they extend three to five-year credit terms for American dollars, the unit of exchange in all the countries."

If the United States wants to stay in business in South America, credit terms will have to be liberalized, Anders added.

He said South American industries are booming, particularly in production of pharmaceuticals, chemicals and soap.

Dentist Describes Killing Of Playboy Industrialist

ALLEGAN, Mich. (AP)—"There I was standing in a room. I saw my wife in shorts. There was Jules Lack. There was a gun going off. He was all bloody. There were people screaming. . . . I guess I shot him. I don't remember. I must have."

Thus in terse, vivid sentences Dr. Kenneth B. Small, 31, a Detroit dentist, described yesterday before a packed courtroom all he remembered of the May 29 shooting of his wife's suitor.

Claims Temporary Insanity

Dr. Small claims he was temporarily insane when Lack, 45, New York playboy-industrialist, was shot and killed in a southwestern Michigan rendezvous with Mrs. Edith Small. He was expected to take the stand again today at his first-degree murder trial.

The dentist, his voice quavering with emotion, described the scene when his wife, returning from a vacation alone in Florida, told of meeting Lack and asked for a divorce.

Dr. Small said:

"I asked her if this man had said he loved her.

"She said she did not know but she loved him.

"'He has two kids nicer than ours,' she told me.

"I said: 'Do you mean to sit there and tell me another man's children are dearer to you than your own?'

"She said again that they were nicer than our children."

Mother of 3

Mrs. Small, 30, a dark-eyed brunette, is the mother of three young sons.

Dr. Small said his wife, who left the courtroom, while he was on the stand, also told him:

"You don't know how to live. I want to live big now."

The dentist told of tracing his wife to the plush summer home near Douglas, Mich., where the shooting occurred, through a phone call she made home. She had said she planned to spend the ill-starred Memorial Day weekend with a former college roommate in Chicago.

D. Small told of tracing the call to Fennville, Mich., and "I started to drive. There was rain and storm that night. I had to see for myself if she was with Lack. . . . I prayed she wouldn't be there. . . . It was like you get some place but don't know how you get there, or what way you went or how many red lights you went through."

The dentist's stay on the stand was interrupted late in the day when Defense Atty. Leo Hoffman called the first of three psychiatrists who will testify for the defense.

Dr. Harry August, chairman of the Michigan Mental Health Commission, said Dr. Small was insane when he killed Lack.

Hoffman asked him when did the dentist "become insane to the point of being unable to restrain impulses?"

"It was when he received the phone call from Fennville," Dr. August said. "The mental turmoil had mounted to the point where his restraint was nullified. He was unable to restrain himself when he saw his wife and Lack together."

Before he left the stand, Dr. Small told of trying to commit suicide "but I couldn't pull the trigger. I thought of the boys. I wanted them to grow up to know their dad."

Twenty-four states now have constitutional amendments to prevent the diversion of highway user tax revenue to non-highway purposes.

Swan Rubber Workers Veto Bucyrus Union

BUCYRUS — Swan Rubber Co. employes have voted against union representation in bargaining with the company, it was announced today by company officials.

The election was conducted Wednesday under jurisdiction of the National Labor Relations Board with 471 of the 538 eligible employes casting their votes. The tally showed that 284 voted for no union representation, 181 voted for the United Rubber, Cork, Linoleum and Plastic Workers Union and six votes were challenged and not counted.

The union represented the employes here from 1944 to 1949. Five years ago the employes voted for no union by about a two-to-one majority and successive attempts by the union to organize the plant have had the same results, Fred C. Ward, company vice president and treasurer, reported.

Principal product of the firm, which also has a branch at Carey, is garden hose.

State Reports Cities Develop Sewage Plants

Marion, Richwood, Galion Listed Among Acting Municipalities

COLUMBUS, Ohio (AP)—Construction of new sewage treatment plants and expansion of old facilities stepped up rapidly in the first six months this year, the Ohio Water Pollution Control Board said today.

The board's acting chairman, Dr. Ralph E. Dwork, who also is acting state health director, said during that time 15 municipalities either completed new treatment plants or put in extensive improvements.

The municipalities are Logan, Marion, Ironton, Wilmington, Bluffton, Jackson, Miamisburg, Westerville, Bedford, Vandalia, Richwood, Hiram, Shreve, Lodi, and Leroy.

Dr. Dwork said 10 other communities expect work on new plants or extended facilities will be done by the end of this year. The communities are Findlay, Lima, Athens, Cambridge, Oak Hill, Shelby, Coshocton, Piketon, Lexington and Newcomerstown.

During all of 1953 only 11 sewage projects were completed.

Dr. Dwork said 17 other communities have projects under way, but they will not be completed this year. The communities are Cincinnati, Cleveland, Columbus, Dayton, Akron, Steubenville, Lorain, Galion, Kent, Hubbard, Ashtabula, New Philadelphia, Oxford, Ottawa, Wadsworth, Waverly and St. Paris.

In addition, Hamilton has a main-intercepting sewer under construction prior to starting a sewage treatment plant.

Dr. Dwork said the over - all construction program means Ohio now has 41 cities and 115 villages with sewage treatment plants the board lists as adequate. At the beginning of the year such plants were in 34 cities and 107 villages.

There still are 31 cities listed as having inadequate sewage treatment, but 11 have improvements under way and engineers are working on plans to improve the other 20.

No Burglar, She Just Forgot To Turn Off TV

PHOENIX, Ariz. (AP)—Four police cars raced to a house where a burglary was reported in progress.

"There's a man in there with a flashlight," warned Mrs. Lucille Patterson, returning home from a movie.

Officers charged inside and discovered the light was cast by a TV set which Mrs. Patterson had forgotten to turn off.

$1,000,000 DIVORCE. Former child star Jane Withers, now in the upper twenties, is shown in court in Los Angeles as she won a divorce and property settlement that will mean more than a million dollars from wealthy Texas oilman William P. Moss, Jr. Her mother testified that Moss admitted he no longer loved his wife.

Trip Down Rail Tracks Costs Driver His License

WEISER, Idaho (AP)—Vard Hogan, 49, a Weiser Flat farmer, told Justice of the Peace Joe Gallagher yesterday he didn't even notice the bumps when he lost his way while driving home Wednesday night.

Washington County Sheriff Elmer Hickman said Hogan had driven a half mile on a railroad side track before hiting a switch frog at the entrance to the main line.

Gallagher fined Hogan $100 and revoked his license for drunken driving.

Canada Increases Production of Oil

WINNIPEG — (UP) — Manitoba, always considered a distribution center for both manufactured goods and agricultural produce, has developed a new field, and present indications are that it will be twice as valuable in 1954 as it was last year.

The new field is oil.

Manitoba had 80 producing wells at the end of 1953, with more being discovered every day. The monthly production for the Manitoba fields was not high for the first 10 months of 1953—it amounted to only 440,000 barrels — but in November of last year the well spurted 100,000 barrels.

Manitoba's Premier Douglas Campbell said he expects the 100,000-barrel-a-month figure to remain all through 1954. This rate would double last year's total.

The value of Manitoba oil in 1953 was $1,475,000, a sizeable figure compared with the 1952 production of only $229,298. Oil companies should get something approaching $3,000,000 this year.

MUSICAL MINISTER

MEMPHIS, Tenn. (UP) — Illness of the organist had little effect on services at Episcopal Church of Holy Communion here. The Rev. Eric Greenwood, church rector, just stepped over to the organ, and the assistant rector, the Rev. David Botts, gave the sermon. Greenwood is a fine organist.

Bible Words for Today

JOHN 8:32—"And you will know the truth and the truth will make you free." (RSV)

* * *

This text seems to me, not only a promise but a challenge.

Under the influence of Christ many have come to know truth and have been freed from the supersitions and fictions about life thus being released for forward steps toward freedom.

Our day is confused by the partial truths seeking our minds and loyalties. Propaganda of convincing nature is leveled at us continually. Our need is for truth. If only all people could have the whole truth concerning issues over which our world is struggling some real hope for solution could be cherished.

Since truth does make men free, Christians are challenged by this text to accept as final nothing less. This will free us from the fictions that divide and frustrate life.

This challenge is particularly clear in racial and religious consideration. Christians are under obligation to reserve judgment until they know the truth about persons, people and situations.

We have just completed remodeling and enlarging our office. Continued growth of our business since its establishment Sept. 30, 1948, made more room for our own personnel as well as fro our customers imperative. We were fortunate in being able to secure office space adjoining our original quarters which would, by the elimination of some walls, provide the room.

New ceilings, floor covering, wiring, lighting, plumbing, air-conditioning, furniture and office equipment combined in adapting the overall space to our use.

We are now in a position to give better and speedier service to more people and invite all who have need for our services to see us whenever we may help you.

Ohio's Famous Formula

When Gov. Lausche made news at the Governors Conference with a proposal for spending Ohio's surplus income on parks, lakes and recreational facilities, he reopened an old wound in Buckeye politics.

Ohio's surplus income this year, as in all years since 1935, when the retail sales tax went into effect, is the result of a famous formula: Underestimate revenue from the sales tax and pile up the resulting surplus.

This is the way the state has balanced its budget with something to spare. It is the way Ohio governors have won a reputation for financial prudence. The retail sales tax has been productive beyond the wildest dreams of its originators, especially when it was combined with inflation and war booms.

But there has been a catch to this accumulation of surplus—and it has been increasingly hard to bear as municipal income kept falling behind municipal spending.

The sales tax was passed originally to give Ohio cities and other units of local government a substitute for real estate revenue lost by adoption of the 10-mill limit. But thereafter the cities found themselves whistling for their fair-share of the money. Instead of sharing in the bonanza, they were restricted to what they could collect under a formula developed by a farmer-dominated legislature.

Meanwhile, the state of Ohio piled up surpluses. Ohio Municipal League estimates these have totaled 282 million dollars since 1941—all from sales tax receipts in excess of estimated income. "This practice," says the Municipal League, "obviously results in requiring local governments to raise more taxes while the state used the funds intended for local government."

If Ohio is going to have a surplus of perhaps as much as 40 million dollars to spread around before it's time for the legislature to swallow the next underestimate of sales tax revenue, most of the money should go to the cities, where most of it was obtained in the first place.

Taft's Public Service

Robert A. Taft Jr. used these words to explain the Robert A. Taft Memorial Foundation, which will strive to perpetuate his father's standards and ideals:

". . . the most appropriate form of memorial to my father would be a national foundation or fund devoted to promoting and perpetuating high principles and standards of public service through grants for education, achievement and inspiration in this field."

The benefits that could accrue from such a project are beyond calculation. It can only be imagined what might be the impact of a fund to encourage the qualities that made Robert A. Taft the most valuable public figure of his day.

They were qualities rarely found among his contemporaries: The courage to think independently, to reach conclusions that might be at variance with the conclusions of others and the energy to dig for facts.

Ohio's great senator was born with a fine mind. He would have been outstandingly brilliant in any work he chose. It was the public's good fortune that he chose to serve in the U.S. Senate at a time when America needed the best minds it could muster. But thereafter it was not the Ohioan's dynamic intelligence that made him outstanding; it was his strength of character and his unflagging determination to think for himself, even if it meant revising his judgments.

He had inflexible principles. But he had no inflexible judgments or opinions; these were things to be decided in the light of ever-changing circumstances. If the Robert A. Taft Memorial Foundation can encourage a few Americans to understand how that remarkable quality fits into the makeup of a republic it will have justified all the hopes and expectations stirred by its creation.

Eyes of an Expert

Grantland Rice's death has been noted and mourned by millions who respected him as an expert in a field where all of us make pretensions to expertness. He was America's best known sports writer. He never sought success in any other line of writing.

At the age of 73, he had seen just about everything worth seeing in sports. It may be assumed he would have been willing to write his final "30" like the practicing philosopher he had proved himself to be. He died doing what he had liked to do since he broke into sports writing in 1901— writing for his readers what he had observed with a practiced eye and a knowing mind.

It is this expertness in sports and many other human activities which has been the stock in trade of the newspaper business during the era of its most rapid growth, roughly the same as the span of Grantland Rice's sports-writing career. His fellow newspapermen, particularly, are saddened by the passing of an outstanding craftsman.

Americans have become rather accustomed to betting on the television boxers according to whether they have on the dark trunks or the light, without really knowing much about them. Similarly, just calling two political factions Red and anti-Red is enough to make up some minds.

Democratic Maneuver

By David Lawrence

Motive Seen in Proposed Investigation Reforms

Maybe the millenium is just around the corner, but it is easy to be deceived about appearances — especially as one notes the wave of righteousness which seems to have swept the Democratic party in respect to the proposed rules for conducting congressional committee investigations.

Certainly the Democratic party leaders expect to control both houses in the next Congress as a result of the coming elections, so in reality they are advocating changes for the conduct of committees to be presided over by Democrats in both houses. In other words, the new rules are to be applied to Democratic chairmen and committees next time, so the spectacle of self-restraint which is being presented to the country is one that needs examination.

The proposals will prove meaningless when the Democrats start investigating the Eisenhower regime, which they may be expected to do if they get control next time. It will be too good a political opportunity to pass up.

It is amazing how unfamiliar most people are with the rules that govern the conduct of the Congress of the United States. Thus, it is assumed that to protect an individual from being smeared all that is necessary is to adopt a rule applying to the conduct of a congressional committee.

-:-

THE CITIZEN is presumbaly to be given an opportunity hereafter to be notified ahead of time about the charges against him in a committee, and he is to be permitted — according to some of the pious plans — to cross-examine those who make the charges.

But what of the United States senator who gets up on the floor of the Senate and calls a citizen a "liar" and smears an official in the executive branch of the government? No citizen can have the privilege of the floor to answer back.

There is no rule that can tie the tongue of an irresponsible senator or representative and, looking back over the years, the number of irresponsibles on the Democratic side in Congress equals approximately the number on the other side.

As for the conduct of congressional committees, there isn't a rule being proposed now that would prevent the damage done under the New Deal administration through the covert sending to Capitol Hill by executive officials of information with which to smear citizens innocent of any wrongdoing except to hold views opposite from the incumbent party.

Every member of the House and Senate enjoys a legal immunity from restraint on what he says about the citizen. No libel law can reach any senator or representative unless he makes his damaging utterances away from the floor, and he is privileged to repeat anything he has already said in Congress or before a committee.

So those persons who think some kind of reform is being sponsored by those Republican or Democratic members of Congress who have made high-sounding talks about a substantial revision of the rules are being misled. It would be absurd if a committee were required to notify ahead of time a witness who is under fire what the charges are against him. Such a witness could, through his lawyer, hamstring the committee indefinitely and prevent it from getting at the truth.

-:-

ALGER HISS or his attorneys could have easily checkmated the House committee if all the data possessed by the committee had been turned over to him in advance or if he had been allowed to cross-examine witnesses.

Another illusion rather widespread is that the congressional committee has no legitimate reason for existence except to gather information for legislative purposes and that to expose individuals who are guilty of wrongdoing not yet coverd by any law is somehow only an executive function.

There are many hundreds of persons who have escaped detection because the statue of limitations has run on their acts, yet they have been engaged in Communist party activities which are close to moral if not legal treason. The congressional committee is the only vehicle through which they can be exposed before their fellowmen. It may be true that they cannot be prosecuted because no laws were in existence when they committed their improper acts, but Congress has a right to administer the punishment of the fullest publicity unless they repent and assist the government in running down others guilty of the same wrong practices. To say that the Fifth Amendment was put into the constitution to protect a citizen against self-incrimination is correct, but it is not correct to say that this constitutional provision permits a man to conceal information about the criminal acts of his friends or acquaintances. Yet that's the main reason why the Fifth Amendment plea is heard so often.

-:-

THERE ARE, of course, desirable changes which can be made and some committees of the House years ago adopted enlightened procedures. Some improvement in the situation can be made by making the rules uniform, but there is no remedy against the abuse by a senator or representative of his congressional immunity.

Far more damage is done to the public welfare by senators or representatives who in small groups block consideration of needed legislation or who filibuster at the close of a session than by any infringement of committee rules by overzealous chairmen.

Maybe the facts of congressional life will some day leak out to the people and they will discover that, with all its faults, the nation possesses an effective system of checks and balances especially in protecting the rights of the minority in the legislative branch of the government and in checking up on the integrity of the operations of the executive agencies.

Graft and corruption in the executive agencies can easily be concealed if committees of Congress are not given full information by employes interested primarily in the public welfare.

As for compliance with the rules of self-restraint and fairness by individual senators or representatives, the millinium hasn't arrived, so changes in the written rules are not as important as they are cracked up to be.

A Few Wifely Details

By TRUMAN TWILL

As could have been expected, a recent column on things wives expect husbands to do without flinching or fumbling caused some wives to snort about all the things they are expected to do. To wit:

Blossom out as cooks, cleaning women and upstairs and downstairs maids as soon as they have laid away their bridal gowns;

Take on like Florence Nightingale whenever illness lays low a breadwinner with some trifling affliction which wives, on the other hand, are supposed to bear without whimpering;

Turn into interior decorators over night, with a flair for turning everything from furnished rooms to unfurnished barns into happy homes with that "lived—in look."

Be handy with needles, sewing machines, mixers, toasters, cleaners, electric irons and other tools many wives never saw before, except in pictures;

Know all the lore about the pampering and feeding of husbands in time to keep the wretches from drifting into malnutrition and all the other pitfalls that lie in wait for new wives getting the hang of husband husbandry;

Remember where the skeletons on the husbands side of the family have been hidden, whose pictures have been turned to the wall, whose children grew up with some of their buttons missing and the location and identity of all relatives who should be honeyed up to in case of "totally unexpected" bequests;

Put the show on the road when company comes and behave like a combination master of ceremonies in a hot spot, a ring master in a circus, and Elsa Maxwell until the curtain has been rung down;

Be equipped with the finest instincts of motherhood, including enough patience to withstand months on end of squalling, squealing siblings clutching at her ankles, then her knees and finally making off with her pocketbook and her lost youth;

Have a green thumb as standard equipment, with a positive genius for making two begonias bloom where no begonias bloomed before;

Drive an automobile with the competence of a professional chauffeur, remember to get the thing gassed and greased when due and be on the dot to pick up passengers and deliver same to stations, airports, dental offices, school, parties, amusement parks and factory gates;

Be utterly charming at the drop of a hint, carefree as a bird, devastating as Marlene Dietrich before she got to be her own grammaw, knowledgable as Eve Curie, witty as Cornelia Otis Skinner and as dignified as Ethel Barrymore, when the occasion demands it;

Possess an unquenchable appetite for odd jobs such as making grizzly bear costumes for school pageants, decorating furniture, cleaning wild game, remembering dates and addresses everybody else has forgotten, breaking tragic news to softies, standing by the bereaved in times of trouble;

Be bright and cheerful, keep a clean nose and a passable coiffure at all times, be above reproach, administer sedatives until the doctor comes, remember to call the doctor and also to look after one thousand silly assorted household chores that would blow a fuse on an electronic brain if anyone were silly enough to overtax the thing that much.

As a husband sees it, however, this isnt too much. Look what a woman gets as compensation for taking care of a few details — a hubsand!

TVA 'Power Steal' Charges Answered

By Martin S. Hayden

Unhappy Republican congressmen who have sat silent for weeks while Democrats charged the Eisenhower administration with an "electric power steal" have now got "the word" from the White House.

A statistics-studded document from the Budget Bureau has given them the answers with which the administration hopes GOP men will defeat power for Tennessee Valley Authority electricity at the giant Paducah, Ky., atomic plant.

Behind the dispute of which the public now has both sides is a presidential order directing the Atomic Energy Commission, against the will of most of its individual members, to approve a contract with the Middle South Utilities Co. and the Southern Co. to provide Paducah power from a new Arkansas generating plant. This upsets previous plans to have TVA provide the power from a plant it would build at Fulton, Tenn.

As set forth by Sen. Hill, the opposition leader, and now answered by the Budget Bureau, these are the pros and cons on the chief points:

Hill says the Eisenhower plan will add to the cost of the delivered electricity, and therefore to the tax burden, "over $3,600,000 every year for 25 years, a total of 90 million dollars over the life of the contract."

-:-

ACCEPTING THAT figure for debate purposes, the Budget Bureau says the alternative would be for the government to borrow the whole 100 million dollars, TV construction cost when the national debt is already pushing statutory limits. In addition, it says, Hill's concept of using TVA to save money does not mention that 70 per cent of the "savings" come from the facts that TVA builds with cheap government borrowings and would avoid $1,499,000 in taxes the private combine will pay local governments.

"When a commercial-type operation does not pay taxes," says the Budget Bureau, "It leaves a larger amount of taxes to be absorbed by other taxpayers. If this concept were accepted and it was also considered sound to provide funds through government borrowing, the government might propose to take over these (public utility) activities on the ground that they would cost less under government operation. Such action would be contrary to our basic conception of a private-enterprise economy."

Hill says the entract is a "handout" to the private combine that proposes to put up only 5 per cent of the construction capital while borrowing the rest.

"On this 5 per cent," says the Alabama senator, "They will be given a 9 per cent return. The government will provide this profit. The government will pay all their taxes, state and local, even their income tax. No doubt this novel arrangement will be described as a great achievement of free private enterprise. That is nonsense."

-:-

THE BUDGET BUREAU denies that the propoed 9 per cent return on cash actually put up is excessive. While the TVA gives no guarantee of its construction costs, it is argued, the private operators are gambling their 9 per cent on their ability to build at the estimated figure of 107 million dollars.

"If the estimated cost," says the report, "should go to 117 million dollars, return on the equity capital would drop from 9 to 3.8 per cent. If it should exceed 117 million, the return would rapidly reduce to zero. Thus the sponsors have a real risk and a compelling reason to keep costs below the estimate."

Hill complains the private plant will be built 200 miles from Paducah or any other AEC installation. The Budget Bureau answers that TV plants to serve the Oak Ridge, Tenn., atom plant were similarly built up to 200 miles away and that it makes no difference where you pour extra power into an integrated system.

Again Hill argues that the "plot to destroy TVA" is underlined by location of the new plant near Memphis where voters years ago declared 16-to-1 in favor of government as against private power. The Budget Bureau counters that the Memphis area has the capacity to absorb the extra power in the event atomic operations were curbed while the Fulton, Tenn., area, on the Kentucky border, has no market for commercial power.

-:-

TO HILL'S CLAIM that there were no advertised competitive bids on the project, the Budget Bureau replies that the President revealed the plan in his budget message, that it got wide publicity through the entire electric industry and that one other combine did offer a competing but rejected bid.

As a clincher the administration notes that four congressional votes in the last two sessions against a TVA expansion via a Fulton steam plant have been rejected and infers that meant private power—or nothing.

To that, Hill's apparent answer is that the previous plans were not premised on H-bombs needs at Paducah and were not backed by the Eisenhower prestige which now gives strength to the private contract.

Adventures by Proxy

By MARK DANA

With women becoming more and more emancipated from Victorian traditions, with or without approval of men, we should not let get tossed around casually the day's reports about women on the bullfighting front.

Hence, we horn in to tell rather breathlessly about Miss Camara Louwe, a 28-year-old model turned matador, from South Africa, who came up against her first bull in an arena in Lisbon, Portugal, and promptly fainted

The bull, being male, was duly understanding and merely pushed her out of his royal path and began snorting around for a more valiant opponent in his own non-Victorian tradition.

Almost simultaneously, in Juarez, Mexico, Bette Ford, 23-year-old former Broadway actress and also a model, made a better arena showing, dispatching two bulls and winning the Mexican equivalent of "Bully" from the throng. No doubt back in her home town of McKeesport, Pa., they'll bring out a fatted calf (bull) for her in welcome if she ever tires of matadoring, stage acting, modeling and such things, and decides to settle down to the thrills of housewifery.

One might remind, too, that just a few days ago a batch of women were piloting airplanes over big chunks of the U. S. in a powder-puff derby, one of them a grandmother who has found flying more fun than knitting in a rocking-chair; the other women being fugitives from kitchen stoves and vacuum cleaners and bridge parties and happy in their soaring — with hubbies cheering some of them on.

There are women whose yearnings for emancipation don't quite extend to bull-fighting, or even to airplane piloting, who nonetheless do some day-dreaming about the stage, or modeling pretty clothes for advertising pictures—and why shouldn't they dream

Why shouldn't they soar and scrap with bulls and tramp through jungles (just as movie heroines do) and in spirit drop their home chores for an hour and climb a Himalayan peak or two? Probably their menfolk, at their office desks or pushing the lawnmower, are fancifully sticking swords in dragons or reeling a sail in a South Seas storm or, even more dramatically but still in imagination, telling the boss where to jump.

The Once Over

By H. I. Phillips

Thoughts on Yachting

The yachting season is at its peak. A yacht is a device enabling a man to worry about expenses while hunting for channel entrances. It is a conveyance for carrying him between two unstable points with the maximum uncertainty as to his exact position. It does what any automobile could do for him if an auto could float, carry ice and afford room for shaking up gin drinks.

-:-

It is an instrument for living beyond your means under assurances that nobody can present a bill except by helicopter or Coast Guard. There was a time when only the rich or fairly well-to-do had cruisers, but today the boating fraternity includes 50 per cent of many communities. You can never be sure any more whether a yachting cap covers the head of an oil baron or a short-order cook.

The man in the blue coat and white pants whose head has just sustained another gash entering the galley without ducking may be a Vanderbilt or the corner delicatessen clerk. There are now so many yachts around loose that harbors need traffic lights. But it all comes under the head of good, clean, wet fun.

-:-

There are four great advantages in being out on a yacht or near-yacht:

1. Nobody can get you on the phone unless you have been crazy enough to install an ocean-going instrument.

2. No relatives can drop in on you without a parachute.

3. There is always ample excuse for another highball in a sudden change of wind, a motor knock, a lost chart or a discovery the red buoy ain't where it used to be.

4. A yacht provides an illusion of grandeur even when you know you are close to the bankruptcy court. Sitting on dry land you can be annoyed by the realization you are down to your last $11. On a yacht there is always the knowledge that, while the wolf may be at the door, he can't swim out beyond the jetty.

-:-

Women are going in for boating more and more. Bouncing among the lighthouses and beacons, Mrs. Puddicombe is happy in the thought that there are women in her set who, though they have more money, have to depend on a land breeze and can't serve dinner in a sarong.

The more yachts, the more yacht clubs. A yacht club can be a hotdog stand with weather signals or it can be a de luxe waterfront hacienda. We have visited yacht clubs where every visitor carried his own bicarbonate of soda, and we have known clubs which were always operated in a conviction that food, drink and atmosphere were of top importance, especially after a fellow had just come ashore from 72 hours of trying to whip up a meal in a stuffy cabin cruiser.

-:-

Every yacht club has an annual cruise. A cruise is a seafarer's response to the cry of "Aw get lost!" It enables a boat owner to prove that his compass is defective, his charts out of date and his galley stove nothing more than a studio lamp.

A cruiser makes it possible for a man to realize his desire to leave a calm port where everything is safe and go to some harbor which should offer prizes for valor to anybody entering it. This time of year you can always identify a yachtman if you see him far on shore. His big toe is bandaged as a result of the ice slipping out of the icebox in a cross sea, both hands are in bad shape from defective can openers and he has deck varnish on one eyebrow.

"WILL swap outboard motor, new crocheted "Granny" afghan for what have you."—Yankee magazine. . . Throw away the afghan and maybe you can yet get the thing started, bub.

Columbia's Dental School announces a dental drill that is both noiseless and painless. . . We think that whichever national political party can establish credit for this is sure of winning the next election.

It is an ultrasonic drill and the human ear can detect nothing but a slight hissing sound. Now all we need is the painless dental bill and the "Please remit" that is inaudible and wholly invisible.

ABA Opposes Connell for District Judge

WASHINGTON (AP)—The nomination of James C. Connell for Northern Ohio district judge—denounced as "political" by the American Bar Assn. (ABA)—may come up again today before a Senate judiciary subcommittee.

"We want to act on it as soon as possible," Chairman Langer (R-ND) told a reporter. "Of course, I can't say what the action will be."

The strong voice of the ABA, the nation's biggest lawyer organization, was injected into the nomination of Connell, a Cleveland common pleas judge, at a hearing yesterday presided over by Langer.

With Connell sitting at Langer's right, the clerk read a letter from the ABA's committee on the federal judiciary opposing Connell as having the reputation of being "arbitrary, dictatorial and biased."

After citing Connell's handling of three cases, all invoking labor or loyalty matters, the committee chairman, Edward J. Fox Jr. of Easton, Pa., concluded:

"It becomes apparent therefore that in this instance the office of United States judge is being used primarily for political purposes and not to enhance the more perfect administration of justice."

In response to a reporter's question, Langer said the ABA had opposed only one other judicial nomination by President Eisenhower this year. The subcommittee, Langer said, approved the man, anyway. He did not name him.

Among the numerous witnesses who praised Connell as an able judge was Sen. Bricker (R-Ohio), who recommended him to the White House. Others favoring him included Sen. Burke (D-Ohio) and Joseph Hostetler, prominent Cleveland lawyer.

Man Fined $25 After Setting Fire to His Auto

ANDERSON, S.C. (AP)—It was 103 in the shade here yesterday and James McDowell, 22, was out in the sun half the day trying to fix the carburetor on his 1946 model car.

He couldn't fix it. So he bought a nickel's worth of gasoline, sloshed it over the car and tossed a match onto it. Then he relaxed in a rocker on a nearby porch, remarking "Let 'er burn."

The violation of a city ordinance against starting a fire near a dwelling cost him a $25 fine.

Psychology Big Factor In Accidents at Home

ANN ARBOR, Mich. — (UP)— A University of Michigan professor blames many home accidents on the failure of individuals to adjust themselves to their own protection.

Dr. Leonard E. Himler, associate professor of mental health, said a recent survey by the university revealed that psychological factors were evident in 48 per cent of 386 major home accidents.

He said a new emphasis in safety training will be demanded if statistics prove that in industrial accidents external circumstances are less at fault than changes in inner psychological responses.

The first attempt to organize a meteorological observing and forecasting service on a national scale in America was made by the Army Signal Corps in 1870. By 1876 the corps had 224 observation stations in operation.

MADISON, Wis. (UP)—The University of Wisconsin's law school says one of its recent graduates is the first "lady lawyer" to be admitted to practice before the supreme court of Liberia.

She is Angie E. Brooks, who lives in Monrovia, Liberian capital. She has been sworn in as counsellor-at-law before her country's supreme court.

Car Needed Driver As Well as a Push

DETROIT (AP) — Joe V. Gonzales, 22, saw a car stalled on a busy Detroit thoroughfare.

He assumed it needed a push. So he drove his car behind it and pushed. Before they got far, the pushed car veered over and hit another car.

Gonzales had failed to notice the driver of the stalled car was not in it. He had gone to buy some gasoline.

"Whenever I see a man in trouble I want to help out," Gonzales explained in Traffic Court yesterday. He was fined $25 and agreed to pay damages totaling $375.

Hardening of the arteries, once believed to be a disability resulting from old age, is now regarded by many scientists as a disease subject to treatment and possible cure.

Actress Faces Hit-Run, Manslaughter Charges

LOS ANGELES (AP)—Blonde actress Lynne Baggett faces Superior Court trial on charges of hit-run and manslaughter in the traffic death of a 9-year-old boy.

Municipal Judge Louis W. Kaufman, after preliminary hearing yesterday, ordered the 21year-old actress to appear July 29 for arraignment. Her bail was reduced from $10,000 to $5,000.

Miss Baggett is accused of driving a station wagon which collided with another on July 6, killing Joel Watnick. Two witnesses testified the station wagon was traveling 40 to 50 m.p.h.

The Social -:- Notebook

REPORTS of the national convention held recently at Peoria, Ill., highlighted a business meeting of Beta Gamma Chapter, Lambda Chi Omega Sorority, Tuesday evening in the social rooms of the Ohio Fuel Gas Co.

Hostesses were Mrs. Robert E. Wise and Mrs. Edward L. Weiser. Devotions by the chaplain, Mrs. Weiser, opened the meeting.

Mrs. Gladys Lendley was named treasurer to fill the unexpired term of Miss Della Owen who resigned. Plans were made to prepare a basket of food for a less fortunate family. Mrs. Henry W. Schuler Jr. and Mrs. Don F. Jerew reported on the convention.

A gift was presented to Mrs. J. Millard Diehl, the chapter's most recent mother, and Mrs. Ronald D. Bust received the special award. A social party was planned for July 27 with Mrs. Robert Brown and Mrs. Damon Carey as hostesses at the home of the former on the Claridon Pk. and for a business meeting Aug. 12. A social hour and refreshments followed the business session.

—:—

Mr. and Mrs. Carroll Pickering of 367 N. State St. have returned from a two-week motor trip through Florida. They visited their son-in-law and daughter, Mr. and Mrs. Charles Clewell, and family in Cocoa, Fla.

Mr. Clewell is an office manager for the RCA Corporation and now is working at San Salvador in the Bahama Islands. He is the son of Mr. and Mrs. Paul Clewell of LaRue. His wife is the former Miss Imo Gean Pickering.

Various points of interest visited by the Pickerings included the Smoky Mountains, Miami Beach, Palm Beach, Cocoa Beach, Patrick Air Force Base, Rock City and Lookout Mountain in Tennessee and Silver Springs, Fla.

—:—

Mrs. Vern Miller of 605 Blaine Ave. currently is spending two weeks in Europe visiting with her family. After a visit in Germany she is planning to travel in Switzerland and Italy.

Before she left by airplane, Mrs. Miller was the guest of honor at a "bon voyage" party given by Mrs. D. H. Baggs at her home at 133 S. Grand Ave.

—:—

Mrs. Elto Myers was hostess for a meeting of the O.R.W. Club Tuesday evening at her home at 411 Blaine Ave. A report was made of 41 cards sent to shut-ins and it was voted to buy 50 yards of outing for needy babies. Mrs. Ilo Wymer and Karen and Sally Chadwick of Columbus were guests.

A guessing box was won by Mrs. Altha Jones, and high honors in contests went to Mrs. Jones and Mrs. Mary Belle Drake, with the low award to Mrs. Kathryn Frazier. The Chadwick girls assisted their grandmother in serving refreshments.

The next meeting, Aug. 10, will be with Mrs. Freda Pickering of 367 N. State St.

—:—

A farewell event for seniors of the Youth of Lecture-Recital Club was a picnic Sunday at Aumiller Park at Bucyrus. The committee in charge included five seniors, Evelyn Price, Ben Bechtel, Carolyn Jones, Joan Niedhart, and Jeanne Bibbee.

Other seniors are Nancy Hammond, Jane Haley, Rosemary Sidenstricker, and Susan Kinsler. Mrs. T. L. Berg is club counselor. Other adults attending were Mr. Berg, Mr. and Mrs. Leonard Bechtel, and Mr. and Mrs. Leroy Schneider. Sally Schneider is president for the next club year. Other officers are Madelyn Marsh, Sally Shirk, and Sandra Paterson.

—:—

Mr. and Mrs. Herman Sapp of Owego, N. Y. have arrived for a short visit with friends here. They are former residents of Marion.

A social hour and refreshments followed the installation.

PILOTS POSTPONE STRIKE

CHICAGO (AP)—The AFL Air Line Pilots Assn., responding to a government request, made an eleventh hour postponement last night of the strike it had called for midnight against American Airlines.

The union notified the National (Railway) Mediation Board it would keep its 1,200 pilots on the job at American while its representatives attend peace talks in New York today with the company and mediation board.

The dispute is over the length of a pilot's work day during non-stop transcontinental flights.

Miss George Exchanges Vows With Floyd Davis

The wedding of Miss Ina May George and Floyd Arliss Davis took place Sunday, July 11, in the Lee Street Presbyterian Church. The bride is the daughter of Mr. and Mrs. Paul H. George of Fountain St. and the bridegroom is the son of Mrs. H. O. Carr of near Cardington, and the late Floyd Davis.

The ceremony was read at 2 o'clock by Rev. R. Dallas, pastor. The wedding music was by Robert Blankenship, pianist. Decorations were blue and white hydrangias.

Given in marriage by her father, the bride wore a street-length dress of blue nylon taffeta. Her corsage was red roses and she wore the bridegroom's gift, a rhinestone necklace and earrings.

Miss Beatrice Davis, cousin of the bridegroom, was her attendant. She wore a street-length dress and a rhinestone necklace.

Walter R. Showers, uncle of the bride, was the best man and ushers were Larry Debolt and Robert Cunningham.

The reception was at the home of the bride's parents. Assistants were Mrs. H. O. Carr, Mrs. Emory Davis, Mrs. Harold Milligan and Mrs. Marguerite Shuster. For her wedding trip through the eastern part of Ohio the bride wore a blue lace dress over taffeta.

Mrs. Floyd Arliss Davis

The bride was graduated from Harding High School and is employed at Hotel Harding. The bridegroom, a seaman in the U. S. Navy, is on the U.S.S. Renville stationed at San Diego, Calif. The bride will make her home with her parents.

The bride's gift to her attendants was a rhinestone necklace and the bridegroom gave the best man and ushers cigaret lighters.

Pair Marks Fifty Years Of Marriage

Mr. and Mrs. John F. Snider of 845 Davids St. observed their fiftieth wedding anniversary Wednesday. In the afternoon and evening they were honor guests when Mr. and Mrs. Denzel Whipp entertained with an informal party at their home near Marion.

The table was decorated with a large gold cake and gold colored roses. Assisting the host and hostess was their daughter, Mrs. Paul Kraner of Cardington. In the evening cards and games provided entertainment. Honors were won by Mrs. L. C. Nedds. The celebrants were presented a number of remembrances.

The celebrants were married in the First United Church at Hamilton, Ontario, Canada, by Rev. W. L. Wilson.

Mr. Snider attended St. Mary Parochial School and the North State Street School and is a member of Hamilton Lodge, F & AM. A tool and dye engineer, he retired 11 years ago. Prior to his retirement, he was employed with the Wilson Bohannan Lock Co. and the Marion Power Shovel Co.

Mrs. Snider was graduated from collegiate school at Hamilton. She is a charter member of Mizpah Chapter, Order of the Eastern Star, and a member of Betsy Ross Auxiliary to the United Spanish War Veterans.

One of the youngest soldiers serving in the Spanish American War, Mr. Snider was received in the Blue Room of the White House by President McKinley upon his return from service.

He has one sister, Mrs. Marie Wells of 470 Reed Ave. Mrs. Snider has three sisters and one brother living in Canada.

Weddings

Mr. and Mrs. Benton E. Denman of LaRue are announcing the marriage of their daughter, Phyllis to Charles R. Leeth, son of Mr. and Mrs. Hoyt C. Leeth of that place. The double ring ceremony took place Friday evening, June 25, in the Methodist Church parsonage in LaRue, Rev. Leland Wiley officiated.

For the ceremony the bride wore a light blue suit with white accessories and her flowers were a corsage of pink carnations. Miss Joan Carothers, who was her only attendant, wore a navy blue suit, white accessories and a corsage of yellow roses.

Serving as best man for Mr. Denman was Joel E. Denman, brother of the bride.

Mrs. Leeth is employed at the Campbell National Bank. Mr. Leeth is with Marion Industries, Division of Motor Products.

—:—

Miss Patricia Cox, daughter of Mr. and Mrs. Charles J. Cox of Schenectady, N. Y., and John E. Robbins were married Wednesday, July 7, in Angola, Ind. He is the son of Mrs. Linds B. Robbins of 476 Ballentine Ave. and the late Mr. Robbins. The bride has been making her home at 602 E. Center St.

A graduate of Cornell University, department of home economics, she is home service adviser with the Ohio Fuel Gas Co. The bridegroom was graduated from St. Mary Parochial High School and served with the U. S. Coast Guard. He is employed with the Ohio Fuel Gas Co. They are making their home at 532 N. Greenwood St.

MILK PRICES CLIMB

CLEVELAND (AP) — Milk prices paid at the farm have started a slow climb upward after reaching the lowest level in more than a decade, the Cleveland office of the Federal Milk Market Administration said yesterday. A price of $3.31 per hundredweight was announced for June deliveries, compared with the May price of $3.24, which was the lowest since the marketing order was adopted in 1946. The price is expected to increase slowly until at least November.

The ice cap of Greenland is two miles thick in some places.

Church Activities

At a meeting of the Oakland EUB Christian Service Guild Tuesday night, Mrs. Roger Harlow of Marion, formerly of Kentucky, was guest speaker. She told of "Missions in Kentucky." Mrs. C.E. Imbody was hostess in her home on Uncapher Ave., and Mrs. Bernice Williams presided. "Fellowship of Prayer" was given by Miss Hazel Blankenship. Members voted to continue sending contributions of money to a Korean project.

—:—

Annual picnic of the Fite Memorial Baptist Willing Workers Class was held Tuesday night at the Roadside Park at Newmans for members and eight guests. Mrs. Lula Spain presided for the meeting which followed. Devotions were by Mrs. William Jordan on "Being Alone," based on the Scripture passage concerning "faith, if it hath not works is dead." Mrs. Norman Renn was named devotional leader for August. The next meeting will be at the home of Mrs. Jordan at 720 Wood St.

Gas Use Increases

NEWARK, N. J. — (UP) — A $248,808,000 pipeline expansion project is providing New Jersey homes and industry with more natural gas service than ever before.

The Gas Appliance Manufacturers' Association, in its fifth survey of natural gas construction data, reported that seven of the 11 projects to deliver 849,000,000 cubic feet of natural gas a day were completed. This amount would be enough to operate 101,000 gas ranges for a year.

The enormous construction project services mainly Bayonne, Camden, East Orange, Hoboken, Irvington, Jersey City, Passaic, Newark, Paterson, Trenton, Union City, Atlantic City, Elizabeth, the Metuchen area and Monmouth and Ocean Counties.

Westinghouse, Union Discuss Columbus Tieup

COLUMBUS, Ohio (AP)—Union and management representatives met here last night in the Westinghouse production dispute but nobody made public any results. Another meeting was scheduled today.

The company agreed to the meeting after the CIO International Union of Electrical Workers told its members to apply for unemployment benefits after being laid off for "disciplinary" reasons.

For the third time this week, the company ordered 1,000 production workers home as disciplinary action for what it termed a deliberate production slowdown.

Sometimes long after the sun is gone,
As we watch the close of day,
The sky is bright with a lingering light
Mid the evening shadows gray.

Long after a beautiful life is gone
To that fairer land on high,
Our lives are bright with a lingering light
For a true life never dies.

Ernest Raymond Prettyman the son of Nelson T., and Cecelia A. Dodd Pettyman was born November 24, 1874, and departed this life, Sunday morning July 11, 1954, at his home just south of New Bloomington, of a heart attack.

He was married to Jessie Burley on December 24, 1910. She passed away October 7, 1940. To this union was born one son Donald who died at birth. He was a faithful member of the New Bloomington Methodist Church.

Two brothers, Guy T. Prettyman of Richwood, Harold N. Prettyman of Marion, a sister-in-law, Mrs. R. E. Prettyman of Marion, five nieces, one nephew, with other relatives and a large number of friends are left to mourn his departure.

The father, mother, three brothers, two sisters preceded him in death.

When comes to the weary a blessed release,
When upward we pass to His kingdom of peace,
When free from the woes that on earth we must bear,
We'll say good-night here but good-morning up there.

Mr. and Mrs. Guy T. Prettyman,
Mr. and Mrs. Harold N. Prettyman and family,
Nieces and Nephew.

Local Garage Entered, $5 in Change Missing

Burglary of the B and W Garage at 320 N. Main St. was reported to police today by Gerald Boltinghouse of 900 Uncapher Ave., one of the owners.

Police said a soft drink machine in the building was broken into and about $5 in change taken. Boltinghouse said that the building was entered sometime after 10 p.m. last night when it was closed for the night. He reported the burglary to police at 8:40 a.m. today.

Entrance was gained through an unlocked window and the front door was used for exit, police said.

Guatemala is about the size of Ohio.
